## Commission Investigation Of Fish Traps

Committee Will Ask Commons to Arrange For Sooke Hearings M.P.'s of B.C. Divide

OTTAWA (CP)—The marine and fisheries committee of the House of Commons today by unanimous vote accepted the recommendation of Hon. J. E. Michaud, Fisheries Minister, that it recommend to the House a Royal Commission investigation of the use of fish traps in the coastal waters near Sooke, Vancouver Island.

For three sessions the committee has debated the use of these traps, the British Columbia members on the committee this year being divided five against the traps and two in favor. The five favoring trap abolition accepted the minister's recommendation "reluctantly and with reservation."

Mr. Michaud said he believed one commissioner would be enough. If it were a three-man commission, the chairman would probably be the impartial member and made the decision in any case.

The seven British Columbia members were named a sub-committee to draft the terms of the reference to the commissioner it is intended to appoint.

Witnesses invited Only by obtaining evidence from those for and against the traps could the minister reach a fair decision, said Mr. Michaud. A commission could take evidence from all interested parties under oath.

"My view would be to refer the matter to a judicial commissioner to be investigated as soon as the session closes so the recommendations of the commissioner might be implemented at the next session," he said. "I will be satisfied and willing to abide by the recommendations."

A. W. Neil, Independent, Comox-Alberni, said it was a reflection on the committee after investigating the matter for three years it could not make up its mind.

Mr. Michaud said he wouldn't feel he was doing his duty unless all parties concerned were given an opportunity to make representations under oath.

Howard Green, Conservative, Vancouver South, said the danger was that the United States might permit the restoration of traps in her sockeye salmon fishing areas unless Canada abolished them.

Mr. Michaud said a commission would consider that issue.

Teachers Strike in Saskatchewan Town

MILDEEN, Sask. (CP)—Four public and high school teachers went on strike today when the Saskatchewan Department of Education did not reply to their pleas for payment of the school grant. More than 80 pupils remained out of classes as the Mildeen school closed. The teachers and school board officials said they made repeated attempts to obtain a grant due the school district.

Teachers have received payment of their salaries only to February 15, due to nonarrival of the grant.

THE WEATHER

VICTORIA, 5 a.m. today—Pressure is low over British Columbia and relatively high over the United States. The weather has been very warm on the coast and in the interior, but showers have occurred on the north coast. Fair, warm weather is general in Alberta and Saskatchewan.

## Russia Replies To British Plan

Way Still Open for Further Discussion of Russia's Joining Anti-aggression Bloc

By J. F. SANDERSON  
Canadian Press Staff Writer

LONDON — Russia's reply to British proposals for Soviet co-operation in the European non-aggression bloc was received at the Foreign Office today.

Foreign Office officials would not disclose contents of the note pending study by the Cabinet, but a copy of the document was dispatched to the French government.

Diplomatic circles expressed belief the Russian note did not accept the British plan for re-insurance of pledges to Baltic and Black Sea nations guaranteed by France and Britain, but left the way open for use of the project as a basis on which further negotiations could be undertaken.

These negotiations will be carried out in Geneva next Monday by Foreign Secretary Viscount Halifax, Foreign Minister Georges Bonnet of France and Vladimir Potemkin, Soviet Foreign Vice-Commissar. Russia was expected to hold out for an outright triple alliance among Britain, France and the Soviet during the conversations.

(The Havas news agency reported from Moscow that Vyacheslav Molotov, Soviet Commissar for Foreign Affairs, handed the Russian reply to Sir William Seeds, British ambassador to Russia, when he saw him last night.)

(The Associated Press quoted officials as saying the Soviet reply was drafted before the British-Turkish mutual assistance agreement was announced and suggested the Russian view may have moderated since that announcement on Friday.)

It was said a spokesman pointed to the comment on the British counter-proposals and the Russian stand published last week in Izvestia, Soviet government newspaper, and said it probably was written after the official reply to London.

(British officials expressed hope some way would be found for getting Russia's support for the front, the Associated Press said. Russia originally suggested Britain, France and Russia form a reciprocal military alliance.)

Prime Minister Chamberlain told the House of Commons today the Foreign Secretary would go to the Geneva meeting, but said he could not amplify at present his statement to the House last Wednesday outlining the British plan.

Mr. Chamberlain announced a foreign affairs debate would be held on Friday and that the white paper outlining future policy for Palestine would be published Wednesday at 7 p.m. (10 a.m. P.S.T.). He said only one day of debate would be allowed on the Palestine formula.

## Duce Says Italy Wants Peace, But To End Problems

Repeats His Turin Statement As He Continues Border Tour

Speeches Moderate

TURIN, Italy (AP)—Premier Mussolini told 50,000 employees of the Fiat works today the international situation had caused Italy to "slow down" development of her civilian automobile industry.

He said Italy some time ago had inaugurated "a definite motor policy," but explained:

"We would have continued on this rhythm if the international situation had not counselled us to slow down."

Mussolini reaffirmed his statement of yesterday as he began his tour of the Piedmont region that Italy wanted peace but that European problems "which constitute danger for all" must be solved.

Mussolini also spoke at the Superior Institute of War, praising its works in increasing the efficiency of Italy's military training.

The Premier's itinerary on this one-week swing through the Piedmont region called for a visit to Caselle, barely 25 miles from the French frontier, to inaugurate a new military airport.

NO DETAILED CLAIMS  
Mussolini made no specific mention of Italian claims on France in the opening speech of his tour yesterday, but several times there arose from his 50,000 listeners the cries of "Tunisia!" and "Savoy!"

At another point in the speech he said: "There are not at present in Europe problems big enough or acute enough to justify a war which by logical development would spread from Europe and become a universal event. There are knots in European politics, but recourse to the sword is, perhaps, not necessary to cut them."

"Nevertheless, there is need that these knots be untied once and for all because sometimes a hard reality is preferable to a long uncertainty."

Diplomatic circles in Rome regarded the speech generally as moderate.

DANZIG NAZIS STAGE PARADE

WARSAW (CP-Havas)—A Nazi demonstration will take place in Danzig tonight, reports reaching Warsaw from the Free City said today. Plans for a parade, were completed by Nazi Party leaders in the Free City last night.

Instructions in connection with the Danzig demonstration were said to have been given personally by Rudolf Hess, Chancellor Hitler's deputy, to Arthur Greiser, head of the Danzig Nazi Senate.

Fresh tension with Germany was reported as a result of the refusal of the German consulate at Poznan to give transit visas to Polish workers proceeding to France for seasonal work. A guard was placed around the consulate.

Winnipeg is recalling the exploits of Hawk-eye Jim Melville, in 1919 a plain "dick" but now inspector of detectives, who nailed 19 pickpockets. Some police forces like to parade their detectives about the streets in their ordinary clothes so everyone can recognize them, but Jim Melville impersonated a hick from the barns. He wore a straw hat and chewed straws and he got his men.

The goosie boys with the sensitive fingers that find their way into pockets other than their own, are going to have a big field to work on, but the police are vitally concerned about protecting the homes of the citizens. When the parades are on no one will be in his home and all available police will be on duty to safeguard the King and Queen. This leaves the residential area wide open for the boys who like investigating other people's places. So naturally the police everywhere are asking the citizens to help them out and take no chances with anything they value.

And while on the subject of police, the name of a very popular officer in Victoria came to mind Friday as we were dashing through the desert of northern Ontario between the junction of the Ottawa and Petawawa rivers. It was Inspector Robert Owens, composer of one of the immortal songs of the Great War, "O Petawawa." Bob then was a common gunner like the rest of us in the 15th Brigade, Canadian Field Artillery. It was the summer of 1916 and we were in Petawawa with the 14th Brigade for three months' training. The flies, the grub and what they put in it, the smell of horses, the heat, thunderstorms, sand and infernal razzing of riding sergeants inspired Bob to put our thoughts into words. The song is always revived at reunions of the "old brigade." But I think most of us have been true to our promise, "O Petawawa," we'll never go there anymore, anymore, down where the Ottawa flows."

## Police Warn Against Thieves During Visit

Special Precautions Planned During Royal Celebrations

Public to Help

By ARCHIE WILLS  
QUEBEC—When the King and Queen are in town see that all your valuables are in a safe place, and that when you leave your home that all the windows and doors are securely locked. That's the broadcast that is going forth from the chiefs of police all over the nation.

Not that Their Majesties are interested in the personal belongings of any of their subjects, but there will be numerous slippery-dicks among the invading hordes to each city to see the Royal pair, whose sole object will be to make a smart but dishonorable clean-up off the more honorable folks of our land.

Starting at this ancient city and going right through to Victoria and back to Halifax every major and council—and merchants too—are hopeful of attracting more visitors than at any time in their history. They hope to see a lot of money left in town, and there is no question but that the honorable visitors will make many purchases.

But along with these many desirable visitors will be the more objectionable individual—the fellow who has his picture in the Rogue's Gallery. There will be the pick-pocket, who will be pinching your rolls while you are cheering the King and Queen as they go by. Then there will be the expert with a "jimny" who will pry open a window or a door and look over the inside of your castle while you're taking the family to the fireworks.

TO WORK EACH TOWN  
This shady crowd is reported to have made its plans for working each town. Progress of the Royal party has been so arranged that only in a few instances will it travel by night. After pulling out of a town it will be side-tracked for the night and placed under guard. This will work to the advantage of the slippery-dicks. They can work a town and leave after Royal train by either car or train and make the next town ahead of the Royal Party.

Victoria has always prided itself on its insular position in regard to crime. It's tough to get on to the island and tougher to get off—that is for slippery-dicks. But these boys will no doubt make the effort to get there, seeing that some of them usually get in during race meetings.

So the police everywhere are warning citizens to take no chances.

Here's what one chief says: "Sure we expect an influx of pick-pockets and confidence men. They will arrive a day ahead of the Royal visitors and be ready for the big crowds. They'll work swiftly and they'll be on their way westward in a short time. The things to do are to bank your money in advance of the big day, stow away your valuables, if you have any, and lock your houses up tight."

## NO CRITICISM OF KING'S SHIP'S DELAY

**Pouliot Cut Off in Commons When He Mentions Naval Officers**

OTTAWA (CP)—J. F. Pouliot, Liberal, Temiscouata, Quebec, speaking in the Commons today after Prime Minister King had announced the King and Queen would land at Quebec Wednesday morning, was cut short by the Speaker when he said the Empress of Australia was chartered by the Admiralty and the merchant marine knew more about Canadian waters than did the Admiralty.

Mr. Pouliot's words were drowned out by cries of "order" from the Speaker and others as he attempted to express his views on the navigating abilities and judgment of the Admiralty compared with the merchant marine. A few minutes after the incident, Dr. Arthur Beauchesne, clerk of the House of Commons, sent a note to the Press gallery asking that no attention be paid to Mr. Pouliot's remarks and stating they would not be recorded in Hansard.

## Highest 1938 Pay In U.S. \$331,348

WASHINGTON (AP)—George W. Hill, president of the American Tobacco Company, received the highest 1938 compensation—\$331,348—yet reported to the Securities Commission by United States corporations.

Hill took the lead from Walter Gifford, president of the American Telephone and Telegraph Company, whose \$209,000 for the year had topped an earlier compilation.

## New Money Proposal

OTTAWA (CP)—Issue of \$100,000,000 in new money this year for the financing of public works and housing schemes was proposed in the Commons today by M. J. Coldwell, C.C.F., Rosetown-Biggar.

That amount of new money would provide new stimulus for business generally, would serve to stop the decline in price of primary commodities and would give help where it was most needed—at the bottom of the economic scale, he said.

## Commons Changes Plans

OTTAWA (CP)—With the further postponement of the Royal Visit to Ottawa, now scheduled for Friday morning, the House of Commons will sit until Thursday night, Prime Minister King told the House today.

This, however, does not strengthen hopes for prorogation by His Majesty Friday afternoon when the King visits the Senate chamber to give assent to bills. Much work remains to be done in the Commons and the Senate stands adjourned until the Friday afternoon ceremony.

## The Royal Visit

WOODSTOCK, Ont. (CP)—Committeemen in charge of arrangements for the visit of the King and Queen June 7 are nothing if not thrifty. Informed they would need to buy a red carpet for \$350 to cover a runway at the station, they said the carpet would be cut up afterwards and sold as rugs, 27 by 51 inches, at \$3.50 each.

SYDNEY, N.S. (CP)—A flight of Royal Canadian Air Force flying boats probably will take off tomorrow to meet the Empress of Australia with the King and Queen aboard. They will provide an aerial escort part of the way up the St. Lawrence to Quebec.

EDMONTON (CP)—Speed limit of 35 miles an hour has been set for trucks carrying passengers during the visit of King George and Queen Elizabeth, it was announced today by Hon. W. A. Fallow, Minister of Public Works. Truck owners intending to carry passengers, said Mr. Fallow, must obtain permits so to do, from the Provincial Highway Traffic Board.

WASHINGTON (AP)—Secretary of State Cordell Hull wrote the United States Senate commerce committee today he opposed legislation banning export of Douglas fir plywood logs because it would be inconsistent with the administration's trade program and likely to cause retaliatory measures.

## Police Volunteers Asked

**Assistance of Local Men Needed To Guard Their Majesties' Route**

A further appeal for volunteers to assist in lining the route of the Royal procession on the morning of May 30 was made today by Police Chief J. A. McLellan.

The chief said the greatest number of special police would be needed at that time and men who did not desire to offer their services for the three-day period of the visit might be willing to volunteer for Tuesday morning.

Any who would lend their assistance would only be required from 8 to 12.30 on the morning of May 30, the chief said. They would be used to line the Royal route in the city and would thus have the opportunity of an excellent view of the Royal party.

Children of the Queen Alexandra Solarium will see the Royal procession on the morning of May 30 from specially built bleachers on the southwest corner of Douglas and Courtney Streets.

Plans for the construction of the stands, which will accommodate 100 youngsters with their attendant nurses were announced today. Private interests are providing the funds for the undertaking.

In the City Hall today preparations were going ahead for civic decorations. Alderman T. W. Hawkins, chairman of the special committee, announced arrival of drapes, flags and other materials from Britain. They will be unpacked and sorted today and tomorrow, and the work of putting them in place will start late in the week, he stated.

At Beacon Hill, where the Canadian Navy will receive colors from the King in a spectacular function on the football field near the end of Beacon Street, construction of barricades is under way.

Keen interest was shown in the entertainment highlight of the pre-Royal visit days, Alderman W. H. Davies announced. In addition to His Honor the Lieutenant-Governor and Mrs. Hamber, Premier Pattullo and Mrs. Pattullo will attend the big Indian regatta at the Gorge on May 24.

OTTAWA (CP)—Co-operation of the people of Canada to make sure no untoward incident mars the tour of Their Majesties across the Dominion was asked Saturday night in an address over the national network of the Canadian Broadcasting Corporation by Commissioner S. T. Wood of the Royal Canadian Mounted Police.

"There will be certain individuals of criminal propensities among the crowds, whose presence will be altogether undesirable," he said. "If the activities of any of these persons cause annoyance, it will only be necessary to call the attention of the nearest police officer, when he, or she, will be suitably dealt with."

"On the other hand, there may be citizens who, in the exuberance of their enthusiasm, may give cause of hostility among their immediate neighbors, and in such cases, it is hoped that due allowance may be made for them, and that a spirit of forbearance may prevail."

The first essential duty of police and other forces would be the protection of Their Majesties and their entourage. They must not be expected to deal with trivialities.

"But if any citizen notices any individual whose actions give him or her reason to think that an untoward act is about to be committed, the immediate attention of the nearest police officer or other guardian should be drawn to the individual concerned, when the necessary steps will be taken to render any such act abortive."

Commissioner Wood reminded Canadians Their Majesties wished to see their subjects just as much as their subjects wished to see them. In the cities in which processions are to be held, the people could help both objects by not trying to see the processions twice. The police job would be difficult enough without having to deal with migrations from one processional point to another.

The following advice was given by Commissioner Wood to those who have no special places allotted to them to see the Royal processions:

First, decide where you would like to go; secondly, ascertain the regulations and directions concerning this spot; thirdly, find the best means of transportation there; fourthly, be in your spot early.

Householders were warned to make sure doors and windows were fastened while they were absent to see the processions.

It was to be hoped Canadians would set an example of forbearance and good humor and assistance to the many United States citizens expected at various points on the Royal itinerary.

## TOBACCO TRIAL SET FOR JANUARY

**Date Set for Group To Come Before Court in Edmonton**

EDMONTON (CP)—Trial of 44 tobacco manufacturers and jobbers on combine charges will begin at the January, 1940, criminal sittings of the Alberta Supreme Court, Mr. Justice S. J. Shepherd ruled here today. The court will hear five charges dealing with restraint of trade contrary to provisions of the Criminal Code.

Mr. Justice Shepherd granted the defendants' plea for adjournment until September of their plea and of their election of the type of trial desired.

The defendants are charged with:

1. Conspiring to limit facilities for transportation, production, manufacture, supply, storing and dealing in the tobacco trade in Canada.
2. Restraining and injuring trade through the alleged combine.
3. Limiting manufacture and production of tobacco and tobacco products for their own advantage.
4. Enhancing the price of tobacco products.
5. Preventing competition in production, manufacture and sale of tobacco products in Alberta.

## Inquest Today Into Death of Mrs. Bayley

DUNCAN—An inquest will be held at 7 this evening into the death of Mrs. Henry Bayley in the fire which destroyed her home at Cherry Point, near here, Friday afternoon.

The funeral will be held at 11 tomorrow morning from St. Peter's Church, Quamicham.

## CALGARY OILS

CALGARY—Oils moved narrowly on Calgary Stock Exchange today as trading lapsed into sluggishness. Only 2,903 shares traded.

Three shares of Okalta preferred sold at \$8, down \$1. Extension gained ½ at 16.

"Perhaps the true importance of this visit of Their Majesties to the Dominion even now is not fully appreciated in Whitehall, but there remains little doubt that the most sensible thing to do is to add the two last days to the itinerary and thus silence the protests of many Canadians who have mapped out their timetables as carefully as did organizers of the Royal tour."

"Alterations in the plans will mean a heavy financial loss allied with a sense of grievance toward those responsible for what can only be described as a blunder in sending the Royal tour on so northerly a course," the editorial said.

TORONTO (CP)—Rev. George Webb, general secretary of the Lord's Day Alliance, criticized Mayor Ralph Day for allowing workmen to decorate the City Hall Sunday for the visit of the King and Queen, May 22. The mayor said an "emergency" existed.

KINGSTON, Ont. (CP)—Mayor H. A. Stewart has announced a reward of \$25 will be paid for information leading to conviction of persons who have stolen flags and other decorations put up in Kingston streets for the visit of the King and Queen May 21.

QUEBEC (CP)—Jacques Prevost, six-year-old grandson of Lieut. Gov. and Mrs. E. L. Pate-naude, will be the youngest Canadian presented to Their Majesties at the provincial reception here.

## NO REFERENDUM ON WHEAT IN U.S.

**Growers Will Market Without Vote On Quota Proposal**

WASHINGTON (AP)—Agriculture Secretary Wallace ruled today the indicated supply of 1939 wheat in the United States was not large enough to require a grower referendum on marketing quotas to restrict sales of the crop.

Mr. Wallace estimated the total supply on July 1 would be 974,000,000 bushels, and remarked that the 1939 marketing quota level established under the Farm Act of 1938 was 1,021,000,000 bushels.

The quota level is 135 per cent of a normal year's domestic consumption and export of 756,000,000 bushels—this figure equals average yearly domestic consumption and exports during the 10-year period ended June 30, 1938.

Mr. Wallace said the estimated

## CHECKING OF NAZIS IN CANADA URGED

German-Canadian League Requests Ottawa to Investigate

KITCHENER, Ont. (CP)—The German-Canadian League decided at its national conference ended yesterday to ask the Dominion Government to investigate extensive Nazi activities in the Dominion. Text of the resolution, as well as of others, was withheld from public release until its presentation to the government. Yesterday's sessions of the conference were closed after open meetings held Saturday.

The government will be asked to permit free immigration for refugees from oppressed countries and to bring Canada into the "stop Hitler" bloc. Aiming at combating the spread of Nazi propaganda, the league will establish "German democratic schools" in every branch to give German-Canadian children an understanding of "true German culture." Kinder camps (children's camps) will be established with the same objective and youths' and women's sections of the league will be developed.

The league decided to move its central headquarters from Toronto to Winnipeg, in the belief that Nazi activities are growing in the west. Headquarters for the east will be set up in Montreal. The convention elected the following as leaders: H. Scheer, Regina; F. Rieger, Hamilton, Ont.; H. Hirsch, Montreal; M. Bader, Toronto.

Max Straub of Winnipeg told the convention Saturday there was evidence the Nazi Gestapo was at work in Canada intimidating and beating Germans who did not conform to the Nazi pattern. He said most German organizations in Canada were affiliated with and controlled by the League for Germans in Foreign Countries. He said this league had headquarters in Stuttgart, Germany.

Straub charged spies for "foreign countries" are threatening "horrible retribution" for any Germans who do not fall in line with their beliefs. When unable to coerce Canadian-Germans, he said, the spy groups have vengeance wreaked on relatives still in Germany.

## HOTEL BURNS AT ALBERTA BEACH

\$8,000 Loss On Building 44 Miles West of Edmonton

EDMONTON (CP)—Fire yesterday destroyed the two-story hotel at Alberta Beach, 44 miles west of here, causing loss estimated at \$8,000. The only four persons in the hotel when the fire broke out escaped uninjured.

Those in the hotel were Mr. and Mrs. Raymond Meurin and Mr. and Mrs. Sydney Munroe. Meurin bought the hotel last September and in the fire he lost presents received at his wedding in February. Munroe was manager of the hotel.

Edmonton firemen also were called to battle two blazes in other nearby towns. At Calmar, 25 miles southwest of Edmonton, four homes valued at several thousand dollars, were destroyed but most of the household effects were saved.

At the Oliver Mental Hospital, 12 miles south of Edmonton, \$50 damage was caused by a fire in the hospital power plant.

## PRAIRIES FIGHT GRASSHOPPERS

Poison-mixing Stations Set Up To Reduce Menace

EDMONTON (CP)—Operation of approximately 150 poison mixing stations in the 1939 campaign against grasshoppers was announced today by Hon. D. B. Mullen, Alberta Minister of Agriculture.

With infestation anticipated in a larger area than last year, preparations for distribution of poison are being rushed ahead under direction of the department and in co-operation with municipalities. It was estimated the 1938 campaign, costing \$120,000, resulted in saving crops valued at \$4,500,000.

The sections of the province where outbreaks are anticipated this year are in the area extending from the United States boundary to Lloydminster and from Lloydminster to Telford and south along the foothills.

The appropriation was among supplementary estimates tabled in the Commons Saturday.

Total estimated cost of the commission for the 1939-40 fiscal year is \$81,295.

## NEW ROOSEVELT APPEAL FOR PEACE

Reports Say Plea Will Be Made If Another Crisis Comes

NEW YORK (AP)—The New York Times in a dispatch from Washington says it has been informed President Roosevelt is prepared to issue another appeal for peace at an opportune moment or if a new critical situation develops in Europe.

According to a State Department official who had a part in the President's last appeal, says the Times, the President would suggest a conference to settle economic problems without territorial aggrandizement.

Frank L. Kluckhohn, who wrote the article, says his informant declared the time and circumstances of the contemplated appeal would depend on developments. Cordell Hull, Secretary of State, recently took care not to deny the possibility of such a move, the Times says.

In Washington, the article adds, it is considered unlikely Premier Mussolini's Turin speech yesterday would alone provide the best opportunity for another presidential proposal.

The Italian dictator rejected President Roosevelt's first proposal for an economic conference last month as "absurd." However, says the Times, Washington noted with interest that Mussolini said yesterday that Europe's problems are not "big enough to justify a war."

## 300,000 MINERS RESUME WORK

Menace of Soft Coal Shortage in United States Ends

NEW YORK (AP)—Ending the menace of a soft coal shortage, more than 300,000 miners returned to work in the United States today under a new two-year contract which gave the United Mine Workers, largest C.I.O. union, the first "union shop" in its history.

Fifteen of the 21 operators' associations in the Appalachian coal conference signed the agreement during the week-end. The pacts cover 260,000 men in 3,000 mines.

An additional 50,000 to 100,000 miners were guaranteed the "union shop" in similar contracts negotiated for states outlying the Appalachian area by associates of John L. Lewis, after a six-week shutdown.

## TROOPS GUARD WORKING MINERS

Machine Guns Posted in Harlan County, Ky., To End Strife

HARLAN, Ky. (AP)—Muzzles of machine guns offered protection today to miners wishing to return to the pits of Harlan County's soft coal mines.

Even before the test between operators and union miners as to strength in this field torn for years by labor strife, the county again lived up to "bloody Harlan."

While national guard troops, ordered here by Governor A. B. Chandler 557 strong, came in on trucks from many towns in the southern end of the state, one nonunion miner was killed in Hancey and his brother-in-law jailed for the fatality.

A deputy sheriff told of having shot a young man on a main street of the city when he refused to submit to arrest for drunkenness.

Both civil and military authorities gave out statements that neither incident had "any connection with labor troubles."

Refusal of the Harlan, Hazard and Big Sandy operators, along with representatives of certain fields of West Virginia and Tennessee to sign a "union shop" contract with the United Mine Workers when 15 other operators' units did Saturday, developed quick action by Governor Chandler, who previously had announced he would send troops to operate the mines if there was no agreement by this date.

Three thousand miners, bent on picketing, were turned back by national guardsmen with machine guns today.

No coal will be brought from the mines until tomorrow or on Wednesday, operators said. Those who wanted to work without a union contract were busy checking and repairing pit trackage and timbering.

Pictured as she arrived to lengthen the roster of European royalty and notables attending the New York World's Fair is Poland's "crown princess," Mrs. Aleksander Borkowski, daughter of President Moscicki.

## Child of Five Becomes Mother

No Parallel in World Medical History For Case in Peru

LIMA, Peru (AP)—Dr. Hipolito Larrabure, chief surgeon and director of the Lima Maternity Hospital, announced a 5.96-pound boy was born yesterday to an Indian childmother just over five years old.

Dr. Larrabure said one of the strangest gynecological cases in the world was witnessed by 60 doctors when Dr. Gerardo Lozada and Dr. Alejandro Busalleu performed a Caesarean operation to deliver the child.

The child was declared to be in perfect condition. The childmother also was said to be doing well.

"The birth certificate of the childmother, Lina Medina, shows she was born in 1934," Dr. Larrabure said. "Her age also is corroborated by the fact she still has her first teeth and is not more than three feet, one inch tall. Her features are perfectly childish and her mentality corresponds to that of a child."

"I am sure this is a unique case in world-wide medical history," the doctor added.

Medical authorities had kept strict silence concerning the case until yesterday. Dr. Larrabure said Lina Medina was brought from Pisco, a small port town south of Lima, where the Medina family owns a small plot of land, four days ago under the care of Dr. Lazada, chief doctor at the Pisco hospital.

Dr. Lazada discovered the case a few weeks ago when the child's mother brought her to the hospital. Examination, Dr. Larrabure said, proved the child had been criminally assaulted.

## Many Jews Leave Austria

## The Democracy of Print

Whether he is rich or poor, highly placed or humble, everyone seeks news.

The desire to know what is happening in the world is strong and instinctive; the need to satisfy this natural curiosity urgent and persistent.

Before newspapers were available, few enjoyed the privilege of regular dependable news of events, ideas or achievements . . . men, manners or markets . . . beyond the restricted boundaries of their own communities. The settlers journeyed weary miles to maintain the necessary contacts with affairs and friends. Roads were few and primitive. Travel was difficult. Mails were infrequent and means of communication slow. In winter the "snowshoe express" took weeks to travel from Montreal to Niagara. Foreign news was scarce.

Today all the news from far and near is brought to every Canadian, quickly and completely, by his daily newspaper. No matter what his interests or occupation may be, it serves his needs. Day after day it provides up-to-date information which influences his opinions, plans and purchases. There is no phase of community or national life it does not touch; the aspirations and accomplishments of the world at work, and at play, are recorded in picture and story on its pages.

Unfailing performance of this service to the individual has made the daily newspaper indispensable to more than two million Canadian families and a constructive force in every community.

## Pitched In a Lower Key

IN ONE PART OF THE SPEECH HE DELIVERED in Turin yesterday Premier Mussolini implied that he and Herr Hitler are agreed that no problem engaging the attention of the statesmen of Europe today requires war to deal with it. If we may take the Fascist chief at his word, and there would seem to be no special reason to doubt it, the threat of armed conflict which has been a nightmare for many months is rapidly disappearing. This is not to suggest that the Rome-Berlin axis is about to assume the status of a museum piece of international statecraft. But it savors of a somewhat begrudging admission that neither on the Italian nor on the German front is there any likelihood of an immediate spectacular or any other kind of coup. True, the Italian dictator turned his eloquence on the signs of the fasces and swastika, warned that both Italian and German armies would march—if they were provoked far enough—to obtain and preserve "peace with justice." At so late a stage, however, a "warning" of this sort seems pitched in too low a key to be heard above the sound of totalitarianism's retreat.

Both Premier Mussolini and Fuehrer Hitler know—as they knew a year ago—that no other nation has any idea of attacking Italy or Germany or any of the possessions of either state. They know, moreover, that they have obtained by the passive consent of the democracies a great many more concessions without war than had been thought possible—even though Germany's annexation of Austria was regarded by some governments as an inevitable development about which nothing could be done. Of significant importance now, of course, is the new condition with which the governments in Berlin and Rome are confronted. It owes its origin and the momentum it has gained to the abandonment of the "appeasement policy" of the British government. The gradual alignment of small and large nations in defence of what is left of liberty of thought and action in Europe—strengthened immeasurably by President Roosevelt's appeal to the two dictators—is increasing the general antipathy to aggression and, by the same token, obviously influencing the tone of the public utterances of both Duce and the Fuehrer.

Therefore, if, as Premier Mussolini implies, the heads of the two authoritarian states feel they have reached the point from which compromise methods can be invoked to settle outstanding problems, there is now an excellent opportunity for the Italian and German governments to take the initiative. If the Nazi oligarchy in Berlin, on the other hand, is still trifling with the idea that it ought to be permitted to take one bite out of Poland before discussing anything, it is pursuing a scheme, if pressed into action, of dangerous possibilities for the future of Germany—especially now that the Italian end of the axis is betraying an inclination to substitute conference for an attempt at further conquest. For it surely is already plain to those in authority in both Rome and Berlin that a false move would mean the operation of the "Stop Hitler" bloc with all its force and ultimate implications. Neither jointly nor separately can totalitarianism, as represented by the Nazi and Fascist states, fight the combination arrayed against it and survive in its present form. The game its adherents have been playing has reached an impasse.

## Oil Dispute Solved?

AFTER A GOOD DEAL OF HEATED controversy between two of the countries involved there appears to be good prospect of the United States and Mexico reaching an understanding in connection with the latter's expropriation of American—and British—owned oil properties several months ago. The United States representative has just concluded another of the series of discussions he has had with President Cardenas, this time quietly at Saltillo rather than in the capital, and an official Mexican announcement suggests that progress is sufficiently encouraging to predict an amicable settlement.

If this advance information should turn out to be correct, there will be good reason for both countries to rejoice. With the world in a condition in which international dealings have no better basis than naked force or the threat of force, peaceable and reasonable settlement of this bitter controversy between two neighboring states—one great and powerful and the other vulnerable from every standpoint—would be a shining example to the rest of the world. It would serve as another reminder that the relationship between Canada and the United States was brought about by the application of common sense and mutual trust.

The case in point indicates that Mexico will stand firm on the expropriation; the oil properties will be hers. Operations will be more or less turned back to the American former owners on some condition which will enable them to supervise the properties until they have taken out of them something approximating just compensation. Certain stiff-necked Mexicans may maintain that their government should have steered a perfectly straight course, taken their chances of disaster, and told the world to do its worst. Certain equally stiff-necked Americans prob-

ably will always maintain that the U.S. government should have sent in the Marines at the first announcement. But if settlement is really made on terms reasonably acceptable to both parties, it is probable that 9 out of 10 people on both sides of the border will eventually be pleased.

Mexico and the United States are facing mutually complex problems these days. Certain influences from abroad strike both with a common impact. The sooner this and all other controversies are cleared away, the sooner the road is opened wider for better understanding between two peoples who in the nature of things should be friends. The desirability of this friendship goes beyond the present policies of the present governments of either country. Governments and administrations come and go, policies are proposed, tried, and discarded. But through it all remains the fact that here are two neighbor peoples, with only a river dividing them, with everything to gain by following the Canada-United States example. In any case, whatever brings the two republics closer together in genuine understanding and friendship is good.

## No Automobiles

THERE HAS BEEN A SPOT OF TROUBLE recently in the Bermudas. The Governor resigned because the House of Assembly refused to provide him with a motor car, without which, he resolutely argued, it was impossible for him to carry out efficiently the duties of his office. Somebody suggested, incidentally, that as he had occupied his important position for more than three years—knowing, of course, that these gasoline-propelled vehicles are forbidden in the islands—it took him rather a long time to discover that an automobile was indispensable to the discharge of his exacting duties.

Probably there are in every country persons who will envy the inhabitants of the motorless Bermudas. But really what the Governor should have asked for was not a motor car, but a motor boat. The "still-vexed Bermoothes" consist of a group of 360 small islands whose total area is 20 square miles. About a score of the islands are inhabited, and an active man could walk across the largest of them in a few hours.

In such a place a sedan chair would seem a more suitable mode of conveyance than a motor car. Indeed, although there are 22 miles of roads in the islands, communications are mainly by water. Perhaps if the House of Assembly decided to present the Governor with a state barge he might withdraw his resignation.

## One Cause of Uneasiness

FROM THE SOMEWHAT FRAGMENTARY news which comes out of what before the war was German Southwest Africa we get a fairly clear intimation that a considerable amount of uneasiness exists because of the infiltration of Hitlerian "missionaries." This is not to suggest that there is any likelihood of an attack on this section of mandated territory—which, like Tanganyika, is under the control of the Union of South Africa—any more than there is of active aggression in any other part of the British Empire.

What is causing more uneasiness than usual at the moment, however, is the fear that many of the comparatively recent arrivals have been instructed to apply the Hitlerian technique in this part of the Union's territory—to stir up Nazi agitation among the Germans who are more or less firmly established there. For it will be remembered, incidentally, that as far back as 1934 the Hitler Youth Movement had grown so strong in so short a time that it was thought advisable to ban it, as was also the National Socialist movement six months later. These restrictions gave Germany an occasion for complaint, which became stronger when the South African Immigrants' Selection Board restricted facilities to German immigration. General Hertzog already has expressed his desire to come to a compromise with Germany in solving the problem, but as most South Africans regard the mandated territory as now a part of the Union, the question of its return to Germany will not be considered, and it would seem that nothing less will satisfy the Fuehrer if the issue should develop on the broad lines which involve all former German territory in Africa.

Southwest Africa, at the end of the Great War, had a German civilian population of about 14,000. Nearly half of these were allowed to remain, the remainder were repatriated. The influx of Germans into the territory in recent years, however, has brought the Teuton number to 10,000, out of a total European population of 30,000.

## SCOPE FOR INITIATIVE

From Ottawa Journal  
There is truth in Mr. Dunning's complaint that perhaps too many of us, including too many of our industrialists, are waiting for help, or leadership, or some sort of encouragement from the government. It is a modern tendency, this business of looking to governments, and it is not a particularly sound nor helpful one. At best, under the most favorable circumstances, there is a limit to what governments can do. Also, and despite everything, there is still a field in Canada for intelligent private enterprise; still rich prizes for sharp swords. Even a war would not mean that all fields of endeavor in this country would be closed. In any event, there is nothing much that Canada can do to influence world events; to make or change or influence markets; to right financial or commercial evils. We can only carry on as best we can, realizing that we are to a very large extent dependent upon international and world developments, yet confident the while that, come what may, the richness of our resources, the wealth of the land that has been vouchsafed to us, leaves our position far from hopeless.

## From Fleet Street

By BEN CHIMES LONDON.

WE HAVE GOT CONSCRIPTION at last. Young men of 20 are to be called up. The total number of Britons in this category is stated to be about 310,000, but after deduction of those in reserved occupations and already in the army, the number will be nearer 200,000.

It is a small number; but the measure is a great revolution of principle.

## A MATTER OF PRINCIPLE

Democratic countries throughout the world have welcomed it as a supreme warning to the dictators.

For Britain to drop an age-long tradition of voluntary service, they think, indicates that she means business.

Moreover, it is a principle that, once established, can be easily extended.

It was not till the Great War had been going on for 17 months that the principle of universal service was set forth.

The present measure is believed to be a *balon d'essai*. Mr. Chamberlain wants to test the reaction of the ordinary public.

If that reaction is favorable and the world situation does not improve, Britain may soon be training an army equal to any.

And there is every reason to believe that the public will not flinch before the prospect of undertaking the same obligations as every other European nation.

## THE WORKERS ARE READY

THE OTHER DAY A friend of mine overheard two workers talking in a printing factory.

One of them said: "There's one treatment Hitler and Mussolini don't understand, and that's being told, 'Don't be naughty'."

"I believe they'd respect us if we just stood up to them firm."

The other gave a long, slow nod of agreement, and said: "If we've got to be ready to fight 'em, I don't think there's any of us who'd mind being a soldier."

Judging by the attitude of one's friends and acquaintances, by the stream of letters to the papers, and above all by what one knows of the British character, such a conversion must have been repeated thousands of times.

Mr. L. S. Amery, the Tory imperialist minister, must have struck a chord that echoed in the hearts of almost every Briton in a speech he made last Monday.

He said: "Some people affirm that universal service would split the country from top to bottom."

"That is not true. British labor is as ready now as ever before to serve the country."

## WHAT THEY THOUGHT ABROAD

WHAT MADE THE GOVERNMENT take its revolutionary step at this moment?

Above all the desire to strengthen its guarantees to eastern European countries so that they become a vital factor to world peace.

English people who have traveled on the continent during these last months say that there was one question on the lips of every one they spoke to: "When is Britain going to introduce conscription?"

The attitude of Greeks, Roumanians and Poles is well summed up by a story I was told by a very well-known journalist.

He was discussing the British guarantee with a Greek in Paris.

"We shall not be impressed," the Greek said, "until Britain is in a position to send at least 10 divisions to Macedonia."

Trying to make the best of it, the journalist said: "But you have the protection of the British Navy."

"Yes," the Greek smiled, "the members of our government will be able to take refuge on a British battleship."

## THE ASTERS AFTER RAIN

From Portland Oregonian

The little old lady who lives at the end of the car line often uses a phrase, one certain phrase, as though it were second nature to her, and the phrase she uses so much is this, "Poor things!" Or it may be said in the singular at need, which is quite as often, for a heart that has pity in it knows no exceptions. It is written in the book of life that such hearts must always have pity. For a chill, small bird fallen from the nest in the cherry. For the old grey cat when in stillness he grieves an ill that is not to be determined. For the beetle in the pathway, the broken bough, and all else that is hurt or wounded, or sad. Poor, poor things.

She stood beside her asters on a morning not long ago, and the rain and the wind had been there in the night-time, with the wildness of autumn storm, and every head of loveliness was drenched and bent, and they were soiled by beaten loam, and they were sad. And wistful yet to witness how they strove to lift, and might not, burdened in every petal by the rain. Poor things. The poor, poor things. So late to flower and so soon to feel the grey wind that must come nor be gainsaid. For her tranced pity even the old grey cat, with eyes of treasure, at her ankles, could not stir her then. She thought of sticks. She thought of grocer's twine. Such trivial, trifling makeshifts as these rise readily to mind in sorrow. These would not avail. The poor, poor things.

Or ever the silver cord be loosed, she thought, yet there it had been loosed, indeed. And nothing of affection may repair this disarray, for so the season ends with wind and rain, and asters of the annual sort, they were not meant to endure it. Go away from her, old grey cat; go quite away. She is not vexed with you, nor yet with anything—it is only that her asters, as she says, are through. Yes, they are through. The finest asters, by far the prettiest, to be found anywhere, and so it was that everybody said. This, at the least, she may keep. But the rain in the night, and the wind walking, have bent down the utter loveliness of asters, the tints like scraps in the piece-bag—these have drenched and bent them down. Poor things. The poor, poor things.

## Birth of a Nation

From New York Post

The newspaper truism that the death of 1,000 Chinese in an earthquake is not as striking news as an automobile crash on Main Street applies to the present world-wide war crisis.

Because we stem (more or less) from the same culture, the current course of European politics has made the Japan-China conflict a forgotten war, relegated to the inside pages. Major campaigns in the Orient, where the second biggest war of human history is being waged, were actually subordinated to the occupation of tiny Albania—by the nation that has controlled it for 10 years.

The significance of the Chinese war is much more than a matter of size. Should Japan both win a complete military victory and achieve a peace-time organization of China on an industrial basis as high as Japan's, there is no doubt that Japan would immediately rank with the two top world powers, Great Britain and the United States.

But even short of that unlikely event, there is the distinct possibility that China itself is rapidly becoming a nation in the modern sense under the hammer blows of war.

The Chinese government, in spite of a long series of military defeats, is now functioning better than in the last year of peace. It has managed to organize relief for 30,000,000 refugees (three times the whole population of Czechoslovakia before the division).

It is guiding the development of Chinese industry and transportation at a rate more rapid than ever before. It has a functioning farm aid loan system.

Technical knowledge is spreading rapidly. Since the fall of Nanking the Chinese government has managed to install 2,800 miles of new telephone lines and has another 2,400 miles under construction.

What is left of China today is probably a stronger, more unified nation than before the Japanese attacked in 1937. What is more, the progress that has been made is Chinese, not the superimposed westernization that was represented by the business district of Shanghai.

The forgotten war may be giving birth to a new nation that will upset old balances and affect the future more drastically than anything that can happen in Europe.

## RULES FOR SURVIVAL GAUGED FROM DEAD CIVILIZATIONS

To survive, a civilization apparently must not make certain mistakes. What those mistakes are, can be inferred from the sad experience of civilizations that have failed.

This is the warning of a British archaeologist, Stanley Casson of Oxford University. He draws provisional conclusions from the downfall of "astonishingly gifted" Crete; from the brief day in the sun of Mycenae's "too confident and too stupid" heroes; from the humane, but unfortunally Hittites; and the superficially dominant Romans.

Summed up, here are three lessons which Mr. Casson expounded recently in a lecture before the Royal Institution of Great Britain:

To survive a civilization must be fully defended, if it stands any chance of being challenged by entirely different brands of culture. Cretons and Hittites dalled, and were attacked disastrously. Militarism can be dispensed with only where civilizations are of equal development and status; and never in history have neighbor powers been thus delicately balanced except possibly in the case of Babylonia and Egypt.

And most important of all, if a civilization is to last, it must have enough spiritual vitality and enough survival value to transform less civilized peoples who intrude into it. To prevent decline or fall, urges Mr. Casson, "you must offer the barbarian a way of life that is infinitely better than his own." The Greeks alone in antiquity counter-attacked the barbarians, giving Hellenism to distant barbarian lands. Rome, as this archaeologist sees it, offered only a shell of Roman culture to its alien colonists, and its distant possessions fell prey to more barbarous barbarians.

Cautiously maintaining that analogies are dangerous, and that there is no repeating pattern in history, Mr. Casson nevertheless advises the modern world to pocket its pride and complacency and consider the failures of the past.

## Parallel Thoughts

"And when He was at the place, He said unto them: Pray that ye enter not into temptation."—Luke 22:40.

To pray against temptations, and yet to rush into occasions, is to thrust your fingers into the fire, and then pray they might not be burnt.—Secker.

## AN OMISSION

To the Editor:—While not posing as a cartographer, I feel the map J. B. Davenport prepared for the City Council is rather inadequate in so far as it completely omits St. Andrew's Cathedral, though carefully marking less historic buildings such as the Y.M.C.A. and the Y.W.C.A. As this omission has already occurred several times, may I respectfully suggest that a little of that valuable commodity known as "British fair play" would be particularly appropriate when making ready for Their Majesties' visit.

A. COSTELLO.

155 Croft Street.

## PERTINENT QUESTIONS

To the Editor:—Great preparations are being made for the forthcoming Royal Visit, and miles of bunting and other decorations are being put up.

Great stress is being laid on the wonderful view of Their Majesties the children will have in Beacon Hall Park, but what we parents would like to know is this—are any arrangements being made for an adequate supply of lavatories for all these children?

There certainly are not enough in the park now, and the department stores will be closed so they will not have access to those. Victoria already is noted for its lack of public comfort stations.

Another question, I note that Calgary has made arrangements for a blanket accident insurance for all the children for one day. Is anything like that being done here?

I understand the children will be more or less left to their own resources, and there are sure to be accidents.

MRS. O. JOHNSTON.

R.M.D. 1, Cobble Hill, V.I.

## THE SOVIETS

To the Editor:—Dr. Kuczynski, in National Review, "If birth and death rates remain as they are now there will be 650,000,000 Russians in 60 years' time and only 150,000,000 Europeans."

The dictionary says: "Communism means government by corporations of towns and districts—the doctrine of community of property." Like our community owned post offices, all Russians are shareholders in all the wealth and property of their country (no millionaires, no unemployed, no money lenders, etc.—everybody working in the common interest). This is why it is very easy for them to consider giving each shareholder his portion of the enormous wheat crop, free bread for all, money being merely a token with them.

Bolshevik means majority; Menshevik, minority; Soviet, council; Village Soviet, village council, etc. These councils, starting from the bottom and going right up to the top like a pyramid, will stand like a mighty rock in comparison with the dictator or money-controlled powers in times of trial.

Free medical care for all (Sir Arthur Newsholme's "Red Medicine"), the youth are not afraid to get married and have children, as all their jobs are secure and eye-witnesses report the children all over Russia are bubbling over with the joy of life. Russia, with its 3,000,000 increase yearly, as compared with England's and France's declining birth rate.

The Communists worked very hard for total disarmament for all nations over 20 years ago so they and the rest of the world might practice humanism for a change, but there was no money in the idea for the armament shareholders, and the crazy armament race is now worse than it has ever been.

CHARLES WALKDEN.

## NEW MAPS OF NORTHERN VANCOUVER ISLAND

Although the general topography of Vancouver Island is fairly well known, only a few sections of it have been mapped in detail. Recently four new maps of a portion of the northern part of the island have been published by the Surveys and Engineering Branch of the Department of Mines and Resources, and are now available for distribution.

These four maps are named from prominent topographical features occurring in the region, and are Adam River, Nimpkish, Schoen Lake and Woss Lake. On the Woss Lake map sheet occurs the Zeballos area where considerable activity in prospecting and developing gold properties has taken place recently. The areas mapped are all heavily forested and are of a mountainous character rising from sea level to 6,000 feet or more. Considerable lumbering has been done along some of the larger rivers, but much of the area is still virgin forest of Douglas fir, hemlock and cedar. Fish and game are plentiful but there are only a few roads and trails through the country. The rainfall is abundant and there are numerous streams and several large-sized lakes.

Copies of these maps may be obtained at 25 cents each upon application to the Surveyor-General, Department of Mines and Resources, Ottawa.

Imperial Life protection

THOUSANDS of foresighted men, realizing the uncertainty of life and the great hazards of business, have turned to Imperial Life insurance as one unfailing guarantee of security for their loved ones should "the unexpected" happen.

From the shoulders of these husbands and fathers a great weight has been lifted. They know that whatever happens their widows will never have the burden of poverty added to the grief of bereavement. These men know that the education and welfare of their children is assured. They know that if, happily, they themselves should survive, they will profit personally from an unbeatable, never-failing investment.

Decide now to take this easy but all-important step that guarantees your family's financial security, *whatever happens!*

See the Imperial Life representative today.

An income for life  
for this widow with  
three small children

When Mr. M. died in 1929, his widow was left with 3 small children. Bowed with grief as she was, Mrs. M. was spared the added blow of poverty. Years before, Mr. M. had foresightedly provided for his family's future. He owned Imperial Life insurance totalling \$20,000.

Ever since his death Mrs. M. has received a monthly cheque never less than \$106. She will receive these welcome payments for the rest of her life.

And Mrs. M. is comforted and contented in the knowledge that should she pass on, her children will be provided for until they are of income-earning age.

## Chamber Active During Year

G. I. Warren Submits Report at Annual Meeting Here Today

The past year was a particularly active one for the Chamber of Commerce, it was shown by the report submitted at the annual meeting of the group in Spencer's dining-room today by the secretary-treasurer, George I. Warren.

The chamber spent considerable time on aviation matters pertaining to the island, the report read, not only with regard to air-mail service but also landing fields.

The West Coast Road had also taken considerable work, and the hope was expressed that the Provincial Government would complete the road at least as far as Port Renfrew before the end of the year.

The directors of the chamber took immediate action on the withdrawal of the Mill Bay ferry and as a result the service was resumed.

The chamber had done considerable work with reference to the Royal Visit. At the present time 1,200 residents of Victoria had agreed to assist by providing emergency accommodation for the many visitors expected, through canvassing by a committee of the Chamber of Commerce.

In group activities during the year, the Junior Chamber of Commerce had successfully organized and staged a Miss Victoria contest. The junior organization had also carried on several other activities such as clean-up and paint-up campaigns, Christmas residential lighting contest and two store window decorating contests.

The Tourist Trade Group had done much work pertaining to tourist development and had recently undertaken the sponsoring of the Victoria Girls' Drill Team. The Retail Merchants' Section had also had an active year.

"Oh, Mummy!  
when are  
we going to  
call Grandpa?"

WHAT a thrill it's going to be for Grandpa when he goes to the telephone in his eastern home and hears the voice of his little grandchild out west! He has never seen the baby, perhaps never will, but the sound of an infant's voice, brought to him by the magic of the long-distance telephone, will make his lonely heart lighter.

## B.C. Archivist Is Bridegroom Today

Dr. Kaye Lamb and Dr. Wessie Tipping Wed On Mainland

Of much interest in academic circles throughout the province was the wedding, solemnized at the home of the bride's mother, 5415 Cypress Street, Vancouver, this afternoon at 4:30, when Dr. Wessie Mitchell Tipping, eldest daughter of Mrs. Tipping and the late Mr. Alexander Tipping, was united in marriage with Dr. William Kaye Lamb of Victoria, son of Mr. Alexander Lamb of Milner, B.C. and of the late Mrs. Lamb.

Rev. R. R. Morrison of the United Church, Kamloops, performed the ceremony in a beautiful floral setting, tall standard baskets being filled with dogwood, white broom, lilacs and pink tulips. Mrs. W. H. Manson played the wedding music and Mr. W. H. Manson sang a solo during the signing of the register.

The bride, given in marriage by Mr. A. McKelvie, wore a simple traveling costume of navy blue wool, with a hand-made French blouse of dusty pink georgette and ecru lace, and navy straw hat with its lace crown garlanded with small French flowers. Her accessories were in navy blue, and her corsage bouquet was of lily of the valley and dark roses.

Miss Helen Tipping, sister of the bride, was her only attendant, wearing a two-piece model of fine navy wool with sprays of rose and orchid flowers embroidered on the jacket, and a navy straw hat banded with rose grosgrain ribbon. Mr. William Masterson supported the groom.

Mrs. Tipping received the guests in a graceful imported, hostess gown of black lace, with touches of black satin. The bride's table was centred with the wedding cake, with lily of the valley and white roses in silver vases, and white tapers in silver candelabra.

Later Dr. and Mrs. Lamb left by motor for San Francisco en route for Montreal, and on their return will reside in Victoria. Dr. Lamb is Provincial Archivist, and Mrs. Lamb was formerly Professor of French at the University of British Columbia, of which university both are graduates.

## Royal Oak Couple Mark Golden Wedding

Mr. and Mrs. T. W. Beales Honored By Friends Yesterday

Fifty years of happy married life was reviewed with old friends and acquaintances by Mr. and Mrs. Thomas Worth Beales, Halliburton Road, Royal Oak, at a reception, yesterday afternoon at the home of their son-in-law and daughter, Mr. and Mrs. S. W. Holman, Cedar Hill Road.

On May 13, 1889, Mr. Beales married Miss Emmeline Hammett at Old Walsoken Church, Norfolk, England, with Rev. John Young officiating. Mr. and Mrs. Beales came to Victoria from Wisbech, Cambs., England, in February, 1914, and in May of the same year celebrated their silver anniversary at the home of Mr. and Mrs. Bell, Gordon Head.

A dinner, celebrating a jolly reunion of the family to mark the golden anniversary was held Saturday evening at the home of Mr. and Mrs. N. C. Bell, Gordon Head. Those present were Mr. and Mrs. T. W. Beales, Mr. and Mrs. T. Bertram Beales and daughter, Shirley (Winnipeg), Mr. George Beales (Vancouver), Mrs. Mary Beales, Miss Elsie Beales, Mr. and Mrs. Edward Beales, Misses Josephine and Agnes Beales, Mr. and Mrs. N. C. Bell and Miss Joyce Bell and Mr. and Mrs. S. W. Holman.

Mr. and Mrs. Beales have had a fruit farm on Halliburton Road, for the past 17 years. They received a shower of letters, cards of congratulations and many gifts, including a beautiful amber glass vase filled with yellow tulips from the Royal Oak Women's Institute, of which Mrs. Beales is an honorary life member.

Assisted by Mrs. Holman they received about 100 guests on the lawn against a background of beautiful flowers. Tea was served from a table covered with a hand-some lace and linen cloth, centred with a two-tiered wedding cake decorated with gold leaves and a golden dove, and vases of dromicum.

Mrs. Bell poured tea and was assisted in serving by the granddaughters, Mrs. Winona Thomas, Alberni, was present on Sunday, being the only granddaughter who was present when the silver anniversary was celebrated.

## St. Martin's Tea Was Successful Event

The 25th birthday tea of St. Martin's-in-the-Fields, Obed Avenue, held on Thursday afternoon, was largely attended, and proved an outstanding success both socially and financially. The parish hall had been artistically decorated by the ladies of the guild with summer flowers, and the attractively arranged tea tables gave a festive touch to the occasion.

Mrs. Wm. Gilbert, president of the guild, welcomed the guests, among them being Rt. Rev. H. E. Sexton and Mrs. Sexton, Lady (Richard) Lake and Mrs. Kelly, Rev. Arthur and Mrs. Bischoff, Rev. P. C. Hayman and Canon G. P. Terry. Canon H. W. G. Stocken, who for the last 15 years has been the minister at St. Martin's, gave a brief outline of "The Beginnings" of services in the district which date back to 1912 when Mrs. E. Wilkinson held Anglican Sunday school classes in a building on her property.

Bishop Sexton congratulated the parish on its steady growth. Miss Anthony sang "Sylvia"; Mrs. Chapple gave recitations. The Glee Club gave two delightful numbers, and a solo was given by Mrs. Boam, accompanied by Mrs. W. Gilbert.

### Many Students Are Aided to Higher Education

University Women's Club Reviews Its Splendid Record

Twenty-one scholarships have been given to girl students entering Victoria College since 1921 and ten students assisted with loans since 1931 by the University Women's Club, according to the interesting history of the club's accomplishments given at the annual meeting held on Saturday afternoon at the home of Mrs. L. McAskill, Helmsken Road.

Miss Ella Beveridge gave the history of the work since 1921 in her report as convener of the educational committee. The club's scholarship winners since 1921 were: Patricia Hamilton Smith, Esther Naden, Edith Lucas, Alice Eldridge, Hilda Guy, Hope Leeming, Barbara Felton, Margaret Ross, Irene Montaldi, Mary Crouch McKellar, Hilda Love, Catherine Baker, Catherine Youldall, Eliza Lovitt, Joan Carter, Iris Corbould, Phyllis Awnack, Margaret Murphy and Maureen Evans. The total amount of loans given to other students amounted to \$1,303.

Mrs. H. L. Smith, the retiring president, was in the chair and gave a survey of the year's activities, and expressed appreciation for the help given by her executive. Miss Margaret Crumie also gave reports.

**OFFICERS ELECTED**  
Officers elected for the ensuing year were: President, Mrs. Hazel Hodson; first vice-president, Miss Patricia Hamilton-Smith; second vice-president, Miss Eugenie Cantwell; recording secretary, Mrs. Oscar Lucas; corresponding secretary, Mrs. Edna Godson; treasurer, Miss Iola Worthington. Additional members of the executive will be the retiring president, Mrs. H. L. Smith; Dr. Olga Jardine, Miss Ruth Fields and Miss Edith Green.

A beautiful bouquet of flowers was presented to Mrs. Smith in appreciation of her able leadership.

The business session was followed by a social period, during which a musical program, arranged by Mrs. Laura Frame, those contributing being Audrey Elliott, vocal, accompanied by Audrey Mills; Cady King, piano solo; Iris Smith, vocal, accompanied by Marjorie Dixon; and Loretta McCall and Billy Inglis, duets, accompanied by Miss Lyster.

After the program tea was served, Dr. Olga Jardine and Mrs. Hazel Hodson presiding at the tea table.

### Retiring Teachers Honored By Old Students

Mme. Sanderson-Mongin And Miss Cann Presented With Gift

Miss Jeannette Cann and Mme. Sanderson-Mongin, who have just retired from the Victoria College faculty after many years' association, were paid a spontaneous and delightful tribute yesterday afternoon, when former students of the college tendered them a reception at the Empress Hotel.

The affair was held in the lower lounge and was attended by over 80 “old boys and girls” and members of the faculty. Dr. S. J. Willis, deputy Minister of Education, and Mrs. Willis were also present to honor the two teachers.

During the afternoon, Major Cuthbert Holmes, who was a member of the first graduating class at the college, presented the guests of honor with a handsome gift. In happy vein, he spoke in English to Miss Cann and in French to Madame Sanderson-Mongin, felicitating them on their well-earned leisure and noting that the gift was a tribute not only from those present but from former students all over Canada as well as in New York and California.

### MISS CANN SPEAKS

In acknowledging the gift on behalf of herself and Mme. Sanderson-Mongin, Miss Cann, in reminiscent vein, observed that, while it was a mistake for a teacher to stay too long in one place, if the mistake were to be made Victoria was the place in which to make it. She spoke of her valued association with the students, including those of other races, an opportunity which would have been denied her in her native province of Nova Scotia, and recalled some brilliant students of Icelandic, Scandinavian, Japanese and Chinese birth who had contributed much to the college.

Miss Cann touched upon the enthusiasm for books shown by the students of early days, noting with regret that such response to good literature was less common today, owing to the wider diversity of interests and the many distractions. As a result the teaching of English literature was today a harder task than when she began teaching.

“Times have changed, and though I am sad at the thought of having said ‘Good-bye’ to my classes and work, I realize it will be well for the college to have a younger person more in contact with the present age,” she said in conclusion, after expressing her gratitude for yesterday's expression of good-will and affection and for many kindnesses shown her by her students in the past.

## FUR STORAGE

In thousands of families it has been sadly proven that home storage is not adequate to protect your valuable furs and woolsens from the ravages of moths, insects, heat, fire and theft. But before you entrust your furs to others, ask to see where it is going to be stored. Make sure your lovely fur coat is put into a moth-proof, fire-proof and burglar-proof vault. We will gladly show you our new, modern fur vaults where every precaution has been taken to assure 100% protection.

### Medical Supplies Are Sent to Orient

Also \$100 Cash and Other Gifts  
Destined for China

The Empress of Canada, which sailed for the Orient on Saturday, carried the monthly shipment of the Committee for Medical Aid for China. This included one case of clothes for refugees and four cases of bandages, dressings, masks and caps, etc. A few number of rolled bandages were sent this month, partly due to the fact that there was a scarcity of material. However, the committee purchased a bolt of gauze and some hundreds of dressings were sent, also two and a half dozen large rolls of hospital medicated cotton.

The sum of \$100, Canadian currency, was forwarded for medical supplies. Collections from money boxes in Chinese fruit stores this month totaled nearly \$65.

The China Defence League, to whom consignments are sent, supports the following projects: International Peace Hospital, International Orthopaedic Hospital, Emergency Medical Training School of the Chinese Red Cross, New Fourth Army Medical Service, Yenan Field Hospital, China Defence League Orphanage, Chinese Industrial Co-operatives, etc., so that it is obvious its activities cover a sufficiently wide scope for assistance of all kinds.

An appeal is again made for material for bandages of which there has been a shortage for some time. Sheets, pillowcases, tablecloths or any clean, white material two feet or over in length can be used and will be called for if E 4725 is phoned between 2 and 5 p.m., during which hours the rooms at 1426 Government Street are open. An enforced removal at the end of the month will be announced in the press.

#### WHITE—THOMPSON

PORT ALBERNI—First United Church was the scene of a wedding Saturday morning at 11, when Elizabeth (Molly), youngest daughter of Mr. and Mrs. W. C. Thompson, became the bride of Mr. Lawrence Walter White, only son of Mr. and Mrs. Walter White of Alberni. Rev. A. McLean officiated and Mr. Max Wright was at the organ. Mr. Harry Weeks supported the bridegroom.

Given in marriage by her brother, Jack Albert Thompson, the bride wore a suit of hyacinth blue with ribbon hat and accessories of marine blue, and a shoulder spray of gardenias. Miss Lillian Thompson was her sister's bridesmaid, in navy blue, with hat in natural straw crowned with pansy-toned flowers, and wore a corsage of pink and white carnations.

Following the service a reception was held at the home of the bridegroom's parents at Ian Avenue, Alberni, where Mrs. White, mother of the bridegroom, received the guests, assisted by Mrs. Thompson, mother of the bride. Both were gown in navy blue with corsage bouquets of Taisman roses.

Mr. and Mrs. White left later for Victoria, where the honeymoon will be spent, the bride wearing for travel a smart coat of rust color, over her bridal ensemble. On their return, they will take up residence at Morton Road, Port Alberni.

Donald McDonald and Peter Bacon, students at Victoria College, have left for their homes in Port Alberni to spend the holiday at their respective homes.

#### LINDSAY—FAIRCLOUGH

Mr. and Mrs. W. R. Fairclough, 330 Moss Street, announce the marriage of their only daughter, Dorothy Eileen, to Robert Ernest, second son of Mr. and Mrs. E. P. Lindsay, 2569 Bowker Avenue. The wedding took place recently at Lady Smith, B.C.

### Two Film Stars Are Quietly Married

Barbara Stanwyck  
Bride Yesterday  
Of Robert Taylor

SAN DIEGO, Cal. (AP)—Barbara Stanwyck and Robert Taylor were married here shortly after midnight Sunday at the home of friends, Mr. and Mrs. Thomas Whelan.

The noted film couple, who had been seen together often for months and had even been reported wed, left Hollywood late Saturday night and drove here, waiting until after midnight for the ceremony, so they would not be married on the 13th.

Municipal Judge Phil Smith performed the ceremony, with Mrs. Zeppo Marx, matron of honor, and Buck Mack, actor and godfather of Miss Stanwyck, best man. Others present included Zepp Marx, Mrs. Ida Kaverman and Dale Frantz, actor and musician.

The bride wore a blue silk dress and Taylor a brown business suit. The wedding ring was plain gold, inset with rubies.

Miss Stanwyck was the former wife of Frank Fay, actor. They had an adopted son, Dion Fay, seven.

They obtained the marriage license under their true names of Ruby Stephens Fay and Arlington Spangler Brugh, which perhaps explains why they were able to give the three days' notice required by California law without the fact becoming generally known.

The newlyweds left for an unannounced destination after the ceremony but planned to return to Hollywood last night. The honeymoon must be delayed because Taylor now is making a picture with Hedy Lamarr.

The monthly meeting of Margaret Jenkins Parent-Teacher Association will be held in the school auditorium tomorrow evening at 8. Business will include the election of officers for the coming school year. Musical numbers have been arranged and a real get-together social evening is planned.

As the date of the regular meeting of the Senior Evening Branch W.A. of Christ Church Cathedral falls on Ascension Day, the meeting will be held at the home of the president, Miss M. Sullivan, 515 Linden Avenue on Thursday afternoon at 2:30.

## D.D. Degree for Dean Elliott

Trinity College Honor Will Be Conferred on Very Rev. S. H. Elliott

Word has been received here that Very Rev. Spencer Haywood Elliott, Dean of Columbia, will be conferred with the degree of Doctor of Divinity at the University of Trinity College, Toronto, in September. The Dean has also been invited to give the Dean-Starr lectures at Trinity College on September 19, 20, 21 and 22. The degree will be conferred on September 20.

This latest achievement of the Dean's marks another milestone in an interesting academic record. At the age of 21, in 1904, the Dean won honors of the Victoria University at Manchester, being then a De Grey Exhibitioner. At the same time he won the Hurst prize for English literature. At Leeds University he was awarded the university prize for English essay. He took his Bachelor of Arts degree at both universities in 1906, his M.A. degree following at both universities.

He has lectured at Oxford University and preached at the university churches of Oxford and Cambridge. He is the author of several books, the most recent of which is "When Trouble Comes," just issued.

## DENTISTS CLOSE CONVENTION HERE

The British Columbia Dental Association concluded its annual convention at the Empress Hotel Saturday night, with a dinner dance when prizes were awarded to the winners of the golf matches at the Victoria Golf Club, Oak Bay.

Prior to the dance a cocktail party was held in the lower lounge of the hotel at which the Victoria dentists and their wives acted as hosts.

While the golf tournament was in progress during the afternoon, the ladies were entertained at a luncheon party at the Shawigan Beach Hotel.

In a friendly cricket match played Saturday, Victoria defeated University School, 148 to 64. Pennington and Harper led the Victoria batsmen, putting on 40 and 32 runs, respectively. Thorne of the University side put on 28. League play will start next Saturday.

Eat the New HIGH-VITAMIN Yeast to Get a Rich Extra Supply... Feel More Energetic

People in their 40's often "slow down" and "feel old" because they are not getting enough vitamins from their meals—especially the important Vitality Vitamin G!

In Fleischmann's new HIGH-VITAMIN Yeast you get a very rich supply of this essential vitamin—as

well as splendid extra amounts of "Cold-Fighting" Vitamin A, and Vitamins B and D.

And in addition, the fresh yeast helps stimulate SLOW DIGESTION—a common trouble after 40. This better digestion helps the body make fuller use of the vitamins you eat. It "BOOSTS" their assimilation—gives more complete results than just vitamins alone.

Begin now to eat 2 cubes of Fleischmann's HIGH-VITAMIN Yeast daily—one cake about 15 hours before breakfast and one 15 hours before supper—plain or in a little water or milk!

Eight o'clock at night is now reported as the peak hour for traffic accidents.

## Book Review

In six months of 1938 Germany engulfed Austria and dismembered Czechoslovakia. Bismarck's saying, "Whoever is master of Bohemia is master of Europe," has been more than realized by the Third Reich; yet does that saying hold true today? And if not, then how far is it still true?

Mr. Graham Hutton, who has had exceptional first-hand knowledge of all central and south-eastern European countries during the last 13 years, sets out to answer these crucial questions in his book, "Danubian Destiny."

He is not concerned to recriminate over past policies, or to criticize present proposals. Accordingly, he makes Munich his starting point and not his finishing point. In this book he surveys the map of the New Danubia, assesses the current and prospective changes in a vast area of the continent, and, by analyzing recent developments inside Germany, derives answers to the above questions.

But—such answers are not enough; for Germany's expansion throughout central Europe implies a host of political, military, racial and economic problems for the Great Powers—especially for Britain.

Where, for instance, do Italy, Hungary, Yugoslavia now stand? If they are to be written off as wholly subject to Germany, as Czechoslovakia now is, what hopes can be entertained for Rumania, Poland, Bulgaria? Indeed, how soon will Danubia's destiny be forced farther afield upon Turkey, Russia, the Middle East?

In such questions lurk innumerable strategic and economic problems; the division of national interests in the spheres of investments, trade, railways, raw materials and foodstuffs, control of roads and of the greatest waterway in Europe—the Danube itself. Moreover, the spread of Germany's political and military power means the spread of her peculiar trading system, her rigid monetary and exchange controls, her arbitrary methods of production, labor organization and investment. If she organizes half Europe as she has hitherto organized the Reich, her military and economic power would be irresistible.

Can she do it? Her ability to make of her new Danubian dominions all she expects depends on two major queries: Can her own economic system stand the strain? Will the smaller client-states play her game?

It is not certain that present-day Germany can secure the means to develop the New Danubia as she wants to; and this book has a special interest, in that it examines Germany's own aims and needs in Danubian Europe as much as it analyzes the methods available to Germany for securing them.

In conclusion, the book discusses the possible and probable effects on all Europe of the great changes in the balance of political, military and economic power which occurred in the Danubian Basin in 1938.

Mr. Graham Hutton's expert knowledge of these problems has for the last six years, save for occasional articles or addresses, been regularly in the anonymous service of the Economist, from the assistant editorship of which he recently retired in order to spend more time in observation abroad. He was travelling throughout Central Europe during the Czechoslovak crisis. His judicious combination of political knowledge with economic exposition makes his book doubly valuable.

On a cold winter night, a few hundred feet of altitude on a hillside may make a difference of 10 degrees in the temperature. Cold air slides down hill on a cold, still night.

## KING TO RECEIVE HIS TORIC RENT

Impressively mounted and awaiting the arrival of the King and Queen in Winnipeg are two proud elk heads and two rare black beaver skins. This is the historic rent which the Governor and Company of Adventurers of England trading into Hudson's Bay promised to pay to King Charles II. The tribute was stipulated in the Royal Charter of May 2, 1670, but it was to be paid only when the King or his heirs or successors came to the Company's territory. Royal visits to the Canadian west and north being infrequent, the rent is now being given for the second time in 269 years, the first occasion having been when the Prince of Wales came to Winnipeg in 1927.

Both elk and beaver are choice specimens. The beaver are

gleaming dark, the pick of 16,000 skins in the Company's London auction rooms. The elk heads are mounted on massive oaken shields from which the antlers spread for ten feet. Their total weight is something over 200 pounds, and as the many-pointed antlers make them awkward to handle, their presence will probably be merely indicated to His Majesty when the Governor of the Company, P. Ashley Cooper, officiates at the formal ceremony of paying the tribute. The fact that the rent was awkward was probably unknown to those who drafted the original Charter, none of whom had ever seen an elk. Why elk and beaver were chosen to be the tribute remains a mystery today. It is a fair guess that both animals were common about the bottom of Hudson Bay when the Company's first ship, the Nonsuch, anchored

there in 1668. Their ancient coat-of-arms carries beaver and elk symbols. A silver plate beneath each elk head bears the following inscription: "Yielded and paid to His Majesty King George the Sixth by the Governor and Company of Adventurers of England trading into Hudson's Bay under the terms of their Charter granted by King Charles the Second and to their first Governor Prince Rupert 2nd May 1670. Winnipeg, Canada, 24th May, 1939."

Governor Cooper will arrive from England for the ceremony which takes place on May 24 in a small historic park where stands the only remaining stone gate of Upper Fort Garry, once a great fur trade centre and headquarters for the Department of Rupertsland. The park will be landscaped and specially decorated for the occasion.

## UNITED CHURCH TO HOLD CONFERENCE

15th Annual Session Opens May 17 At New Westminster

Representatives of the congregations of the United Church of Canada throughout the province of British Columbia, together with all the ministers of this denomination in the province, will assemble in Queen's Avenue United Church, New Westminster, May 17, for their 15th annual B.C. conference. Actual opening of the conference will be preceded on May 15 and 16 by a series of committee meetings and by the annual meeting of the Lay Association on Tuesday.

Rev. George A. Wilson, retiring president, will give the annual presidential sermon at the first public session on Wednesday evening. Speakers at the public meeting on Thursday evening include Rev. A. E. Armstrong, secretary of the Foreign Mission Board, Toronto; Rev. Andrew Roddan, First United Church, Vancouver, and Rev. S. S. Osterhout, retiring superintendent of Oriental Missions.

Ordination of candidates in the ministry will mark the public session on Friday with Rev. Peter Henderson conducting the ordination services.

On Monday, May 22, a rally of all United Church Young People's Societies in the Chilliwack, North and South Fraser, New Westminster and Vancouver presbytery unions will be held, arrangements being in the hands of the Provincial Y.P. Conference executive. The address will be given by Rev. F. W. Norwood, who has just arrived from London, England, to occupy the pulpit of St. Andrew's-Wesley Church, Vancouver.

Sessions of conference will open each day with a devotional address at 10 by the Rev. H. A. McLeod of Victoria. The business sessions will be open to the public. The memorial address will be given on Saturday, May 20, at 11:45 by Rev. O. M. Sanford.

## Foxx Fighting Illness Again

American League Baseball Batting Champ Has Sinus Trouble

CHICAGO (AP)—Baseball's "comeback kid" of 1938—batting Champ Emory Fox of Boston—is making it stick despite a 10-year-old misery in his head.

For a decade the husky Red Sox first baseman has suffered from sinus trouble, but until the 1937 season came along the record books never gave it away. One of the greatest "power" hitters in baseball, he was handicapped by the infection in 1936, yet managed to average .338 at the plate.

Then his mark fell to .285 in 1937. He followed this last season with one of the most remarkable form recoveries in the game's history, slugging .349 to win the American League batting championship and most valuable player award—an honor he won in 1932 and 1933.

For the last two weeks he has been playing with a temperature of about 100 degrees. The sinus infection, returning this spring after an attack of influenza, has impaired the vision of his right eye. But recently his batting average was .415, third highest in both major leagues.

"Maybe this is the year I can lick this thing," he said recently. "It can't last forever. I'm going to struggle out there each afternoon and try to ride right over it."

## FELLER'S MOTHER INJURED AT GAME

Struck By Foul Tip In Third Inning and Rushed to Hospital

CHICAGO (AP)—Mother's Day was one of sadness and joy for young Robert Feller, fireball ace of the Cleveland Indians' pitching staff.

His mother, Mrs. William Feller, came from the Van Meter, Ia., home yesterday to watch Bobby pitch against the White Sox. But she saw less than three innings of the game. Chicago's third baseman, Mar-

vin Owen, fouled one of Bobby's speed balls into the first base line boxes. The ball struck Mrs. Feller, only one of 28,000 spectators. The ball struck her on the head and broke her glasses. The shattered glass inflicted a deep cut above her nose and right eye.

Max Weisman, Cleveland's trainer, gave Mrs. Feller emergency treatment, sent her to a hospital and then assured Bobby the injury wasn't serious. Young Feller went on to finish the game, registering his sixth victory of the season.

Six stitches were required at Mercy Hospital to close the deep cut.

WAR DRAMA—A scene from the "Defence of Siberia" now being shown at the Columbia Theatre.

## Duce Says Axis Stops All Attacks

TURIN, Italy (AP)—Premier Mussolini said yesterday he and Reichsfuehrer Hitler believe Europe's problems can be solved without war, but he accused "the great democracies" of already having begun a "white war" against Germany and Italy—"a war on economic ground."

Mussolini warned that the Rome-Berlin axis now was joined in a military alliance, that its partners would not allow themselves to be overpowered and would repulse any attack made on them.

He spoke to a cheering crowd of 50,000 in the big Piazza Vittorio Veneto in Turin as he opened a week's swing around the Piedmont region designed to take him close to the French frontier on an inspection tour of military establishments, troop concentrations and public works.

There was no specific mention of Fascist demands on Paris in Il Duce's address, but it was full of scorn for France and of references to French-Italian strife in the past.

The crowd's applause for the premier was equalled by its boos and jeers for his references to "the democracies," especially for France.

There were derisive cries of "Palestine" as Il Duce declared Italians were not fooled about the methods employed by "the

great democracies" to build up empires and to maintain them.

Addressing the throng, Mussolini said: "Perhaps hundreds of millions of men" were asking whether there will be a war or peace. He thundered his answer that Europe's present problems were not big enough to justify a war, but the existing knots must be untied.

### MILAN PACT

"This," he said, "is not only the thought of Italy, but also of Germany, and thus the axis—of that axis, which, after many years of parallel action of the two regimes and of the two revolutions, will become through the pact of Milan and through the military alliance which will be signed this month at Berlin, an indivisible communion of two states and two peoples."

Then he asked whether, to "the sincere desire of the totalitarian states" there was a "correspondingly sincere desire of peace of the great democracies," and the crowd interrupted with cries of "No!"

"You have already answered," Il Duce went on. "I limit myself to saying that in view of their acts it is proper to doubt it."

Il Duce declared Italy and Germany would march together "to give Europe that peace with justice which is the profound desire of all peoples." But, he added:

"The formidable, rapidly increasing, bloc of 150,000,000 which grows from the Baltic to the Indian Ocean will not permit itself to be overpowered."

"Any attack will be useless; any attack will be repulsed with the greatest decision."

# Mrs. Dowell In Thrilling Win

## Sports Mirror

By PETE SALLAWAY

CANADA'S RACING CLASSIC, the King's Plate, to be run at Woodbine track, Toronto, on May 22, is creating no little interest among followers of the sport of kings. This year's event is attracting special attention owing to the fact the King and Queen will attend the event when the former will present 50 guineas to the owner of the winning horse.

The King will present the guineas after the race. They were donated first in 1859 by Queen Victoria. During her reign the race was known as the Queen's Plate, and after her death the name was changed and the donation continued by succeeding monarchs. The equivalent of 50 guineas in currency (about \$250) has been awarded in past years, but this year the guineas will be presented in a container.

Pre-race sentiment favors Archworth, a big chestnut colt owned by C. George McCullagh, Toronto publisher. The son of Worthmore-Archipelago earned the right to retire to winter quarters as favorite by his ability to sprint and travel a route. He was sent to the post nine times as a juvenile. He ran out of the money once. He finished four times, second once and third three times. Two victories were recorded in juvenile test events, the Clarendon Plate and Mrs. Orpen's Cup and Saucer. He failed to sweep the test trial by running third in the Coronation Stakes, beaten by Jewell, a speedster from the Cosgrave Stable of Toronto.

Seeking to retain the honors he won last year, Willie Morrissey Toronto sportsman, nominated Gas House to carry his colors. The colt failed to show anything during his juvenile career and is given only an outside chance by turf experts. Bunty Lawless, a son of Ladder-Mintwina, romped to victory last year. Mona Belle, owned by the Cosgrave Stable, was second and Harry Gidding's Cabin Gal third. Sea General, a sturdy brown gelding, is being prepared by Gidding's for the classic. The gelding has displayed speed in preliminary workouts and is rapidly rounding to form.

Jewell, Cosgrave Stable's threat for victory, also is reaching racing form under the handling of Bert Alexander of London. The lanky trainer, ranked among the best conditioners on the continent, is recognized by his ability to prepare a horse for a major engagement. Other horses expected to start include Mrs. R. E. Webster's Syngo Bay, J. E. Smallman's Melius, H. C. Hatch's Budissa, J. E. Frowde Seagram's Saragossa, H. R. Bain's Lightful, J. G. Fair's McMark, and Parkwood Stables' Donedna.

The classic, oldest continually run race on the continent, is fashioned for three-year-olds foaled in Ontario which have never won a race other than those exclusively for two-year-olds. Owner of the winner will receive the 50 guineas and a gold cup, and the major portion of a \$10,000 added purse.

## Horses Burned to Death at Edmonton

EDMONTON (CP)—Two thoroughbreds were burned to death, another injured and a score of others famed on western race tracks were saved when fire of undetermined origin destroyed three stables at the Edmonton Exhibition grounds yesterday.

Damage to the buildings was estimated today at \$13,000 by Percy W. Abbott, K.C., chairman of the exhibition association. The stables would be rebuilt immediately, he announced.

Millar J., owned by F. Patton and Johnny McGowan of Edmonton and formerly owned by Co-burn Johnson of Winnipeg, and Amster Doll, owned by Bob Edwards of Edmonton, lost their lives in the outbreak.

My Letitia, owned by Mrs. Albert Brooks, suffered burns in being rescued from the flaming stables.

## Defeats Mrs. Peggy Hocking 1 Up to Capture B.C. Golf Championship

Dropping two beautiful 20 and 12-foot putts on the 35th and 36th holes for a win and a half, Mrs. Arthur Dowell scored a thrilling 1 up victory over Mrs. Peggy Hocking in the 36-hole British Columbia championship golf final at the Colwood Club on Saturday. Both are members of Colwood.

With beautiful sunshine flooding the course the large gallery in the afternoon was treated to one of the finest finals in the history of the provincial championship. After gaining a three-hole lead on the morning 18 and twice increasing it to four holes in the afternoon, Mrs. Dowell was forced to stage a gallant comeback and take the match on the last two holes.

Mrs. Dowell's victory, her first in a major tournament, took lots of courage. After seeing a three-hole lead slip away before the determined efforts of her younger opponent, the Colwood champion showed she can win in the face of odds, doing so with the help of a little magic in her putter.

Her triumph earned Mrs. Dowell a trip to Canadian championship and interprovincial matches in the east as a member of the British Columbia team. She will leave in September, along with three other teammates to be selected at a later date.

### GREAT COMEBACK

Great credit must be paid Mrs. Hocking in defeat. Despite the fact she was three down at the 13th, this player of two years with no tournament experience settled down to win three successive holes and with victory within her grasp saw the championship fade away on the strength of two grand efforts on the green.

Starting the afternoon round with a three-hole lead, Mrs. Dowell halved the 19th in fives. Snaring a par four at the 20th, Mrs. Dowell increased her margin to four up. Mrs. Hocking took the 21st with a par five, but lost the short 22nd when she put her drive into the water, played out and got into more trouble with her third, and picked up to concede the hole.

When Mrs. Dowell shanked her second wood on the 23rd, Mrs. Hocking took advantage of the bad shot to get a par five and reduce her opponent's lead to three holes. Mrs. Dowell hooked her drive on the next hole, and lost it to Mrs. Hocking's birdie hole, the latter being on the green after two fine shots. The 25th was halved in par threes, Mrs. Dowell playing a real golf shot out of a trap to within a foot and a-half of the cup.

The 26th saw Mrs. Dowell win another hole, Mrs. Hocking smothering her drive, placing her second into the rough at the right of the fairway and lifting her third past the green. When Mrs. Hocking failed to hit a chip from the back of the green and missed her putt for a four, Mrs. Dowell won the 27th to be four up at the three-quarter mark.

### LAST NINE

At the 28th Mrs. Dowell caught a trap with her third, while Mrs. Hocking was on the green and got down for her par five to win the hole. The next three holes were halved in 5, 5, 5.

On the 32nd Mrs. Hocking started the comeback that thrilled the gallery. When Mrs. Dowell found a trap with her second Mrs. Hocking won the hole, being on the green with two fine wood shots. On the short next hole Mrs. Hocking was on and Mrs. Dowell over. The former laid her approach putt dead while her opponent was short and failed to get it down to lose the hole. On the 34th Mrs. Dowell was in the trap off the tee and got just out while Mrs. Hocking, after smacking out a screaming drive, landed her second.

## Challendon Wins

Great Mudder Takes Preakness; Johnstown Finishes Fifth

BALTIMORE, Md. (AP)—The mud, and a great mud-runner caught up with Johnstown Saturday and W. L. Brann's Challendon won the 49th running of the rich Preakness Stakes, as William Woodward's top-heavy favorite, the horse that had taken the Kentucky Derby by six lengths only a week ago, ran fifth in the field of six.

For three-quarters of a mile in the 1 3/16-mile gallop, it was all Johnstown. But as they went into the stretch turn on a track soaked by a day-long rain, the rest of the field started to close in. Jockey Jimmy Stout went to the bat for the first time since Johnstown came of age, and it did no good. First Gilded Knight passed him.

**SCOTTISH SOCCER STAR IN ACTION**—When the touring Scottish football team plays in Victoria on June 7, James Carabine, Third Lanark, is expected to hold down one of the full-back positions. In the above picture Carabine is seen going up for the ball during the international match between Scotland and England at Hampden Park, April 15. Carabine is a stylish, rather than robust or spectacular player, and is very sure of himself in making clearances.

## Box's Men Go On Air This Evening

As a get-together prior to the official opening of the local box lacrosse season at the new Wilfrid Sports Centre tomorrow night, officials, managers and sports writers will gather at radio station CFCT tonight at 7 for a 15-minute program on the air.

Among those who will be interviewed by Duke McLeod will be W. C. Morsey, K.C., chairman of the Victoria commission, Everett Taylor, Johnny Johnson, Ted Menzies, Rich Williams, Pete Sallaway and Joe Delacourty.

## Scots at Montreal

Touring Footballers Reach Canada To Open 12-Game Series

MONTREAL (CP)—Seventeen strong, and with every man pronounced in "tip-top" shape, the Scottish Football Association's touring team arrived in Montreal yesterday aboard the liner Duchess of York to start a playing jaunt that will take them to six Canadian and three United States cities for a dozen games.

G. G. Graham, secretary of the S.F.A., called the crossing "fine" and said the players, drawn from nine Scottish and two English clubs, had kept in condition by physical training exercises and by sprints around the deck. They planned to practice today to ready themselves for their opening match Tuesday, instead of Wednesday as planned originally, against an all-star Montreal squad.

The Scots thought they might find it a "bit uncomfortable" playing in weather as hot as they found on their arrival. Although the players have never been together as a unit before, Lyon did not think they would have much trouble in working as a team.

Of the players, only the veteran Doug Gray has been to Canada before, making the trip four years ago with another touring Scottish team.

The team's itinerary calls for games in New York on May 21 and June 18; Detroit, May 24; St. Louis, May 28; Calgary, May 31; Nanaimo, June 3; Vancouver, June 5 and 10; Victoria, June 7; Winnipeg, June 14, and Toronto, June 17. The team will sail for home from Montreal, June 23.

## Maureen Hill Is Winner of Cup

Miss Maureen Hill won the Hodges cup in a hard-fought match with Miss Isabel Jarvis, the holder, at the Gorge Vale Club over the weekend, winning by 3 and 2. Miss Hill and Miss Jarvis were the finalists in the competition, which is knock-out on handicap, and which this year produced some keenly fought matches.

Mrs. P. Mackintosh won the hidden hole competition held over the weekend.

In order not to conflict with the men's championship, which is being held a month earlier this year, the women's club championship has been postponed until September. Instead, the Wenger trophy, usually played for in the fall, will start on May 20 and 21. This is a two-ball foursome, knock-out, partners being allowed half their combined handicap. Entries should be in not later than Thursday of this week to permit of the draw being made on Thursday.

On Wednesday afternoon, May 24, the women's captain and secretary's match will be played over 18 holes, to be followed by tea.

Members are requested to make their entries in these competitions as soon as possible, either at the clubhouse or through Mrs. D. R. Hurdle, the secretary, or Mrs. H. P. Hodges, captain.

## Garrison Beaten By St. Saviours

YANCOOVER — St. Saviours and Radials, Vancouver soccer teams, today were the only two remaining squads in the Province Cup competition, St. Saviours handing Garrison of Victoria a 3 to 1 defeat here Saturday, while Radials traveled to Nanaimo to edge out a 2 to 1 win over Cumberland Rangers. They will meet in their home park in the final match, tentatively set for May 24.

With 12 minutes gone in the half and both teams coming out about even on the play, a penalty was called against Radials' left back Coates for shoving Barnswell. Condon took the spot kick for the equalizer.

Ralph came on for Politano, Radials' forward, with City making the better all-around showing. They were in Radials' territory the majority of the time losing the leather occasionally on long kick breakaways.

Manager Ed Whyte then sent in Cassillo for McCall, and soon after, at the 32-minute mark, the game was practically in the well-known bag for Radials when Cosier scored on a penalty shot chalked up against C. Robbins for shoving. City came back fighting but were not able to pull through.

Robb refereed.

Young Liberals: Moss, Coates, McConnell, McCall, Dixon, Hay, Carlow, Cosier, Politano, Duncan, O'Neil, Cassillo and Ralph.

Victoria City: Rowe, Youson, Leggett, Fleighouse, C. Robbins, W. Robbins, McCague, Williams, Joe Robbins, Barnswell, Holness.

## WESTS' 9 TO 3 WIN

Esquimalt fielded an eight-man team against Victoria West and from the start it was hopeless. Morgan scored one; Robinson, three; Nip Sage, two; Roy Barnes, two, and Dalmore, one.

Laird, Gordie Bell and John Watt made Esquimalt's three.

With the score 7 to 1 at the end of the half there was some question as to calling the game. They resumed play in order to avoid complications with Gordie Bell, a member of the British Columbia team to San Francisco.

Cull refereed.

## SCHOOL ATHLETIC CHAMPS CROWNED

Athletic champions of St. Michael's School were crowned Saturday afternoon when the school's 21st annual sports meet was staged at the Boundary Road field.

A. Gillespie won the Victor Ludorum Shield and permanent trophy, presented by the Old Boys, while P. Birch-Jones was crowned intermediate champion and won the trophy in that class. The Junior cup was taken by P. Jones and B. Ley, the midge honours. Aggregate points in regulation races decided the trophy winners.

Weather conditions for the meet were perfect and competition was keen. A large gathering of Old Boys and friends were on hand.

There were events for students, fathers, mothers, little brothers and sisters and Old Boys.

# Detroit Swings Deal And Wins Two Games

## Liberals, Wests In Soccer Wins

Victories Over City and Esquimalt Give Them Right to Meet in Cup Final

It will be Young Liberals vs. Victoria West in the final of the Jackson Cup soccer series following Saturday's matches at the Athletic Park.

The Liberals eked out a 2 to 1 win over Victoria City and the Wests ran things around half an Esquimalt team to wind up holding a 9 to 3 victory.

The Victoria West-Esquimalt get-together was hardly football, with the Wests going out and making seven markers to their opponents' one in the first half, then winding up with regular "horse-play" in the second half.

### YOUNG LIBERALS WIN

Taking advantage of a 10-man team at the start, Young Liberals, intermediate squad, went in and snagged a goal with only six minutes gone in the game. Terry Carlow made the marker on a hard drive from the left after receiving a long-pass from the right wing. Goalie Wallie Rowe tried hard but didn't click.

The City team added Barnswell on their forward line, soon after making things even.

Liberals had the offensive play reversed on them then, and the City boys dominated play for the rest of the half, not being able to get through the younger defence, though.

Time after time it looked bad for the intermediates but City didn't seem to have the finishing punch.

At the half, Al Condon came on for Joe Robbins for Victoria City.

With 12 minutes gone in the half and both teams coming out about even on the play, a penalty was called against Liberals' left back Coates for shoving Barnswell. Condon took the spot kick for the equalizer.

Ralph came on for Politano, Liberals' forward, with City making the better all-around showing. They were in Liberals' territory the majority of the time losing the leather occasionally on long kick breakaways.

Manager Ed Whyte then sent in Cassillo for McCall, and soon after, at the 32-minute mark, the game was practically in the well-known bag for Liberals when Cosier scored on a penalty shot chalked up against C. Robbins for shoving. City came back fighting but were not able to pull through.

Robb refereed.

Young Liberals: Moss, Coates, McConnell, McCall, Dixon, Hay, Carlow, Cosier, Politano, Duncan, O'Neil, Cassillo and Ralph.

Victoria City: Rowe, Youson, Leggett, Fleighouse, C. Robbins, W. Robbins, McCague, Williams, Joe Robbins, Barnswell, Holness.

## WESTS' 9 TO 3 WIN

Esquimalt fielded an eight-man team against Victoria West and from the start it was hopeless. Morgan scored one; Robinson, three; Nip Sage, two; Roy Barnes, two, and Dalmore, one.

Laird, Gordie Bell and John Watt made Esquimalt's three.

With the score 7 to 1 at the end of the half there was some question as to calling the game. They resumed play in order to avoid complications with Gordie Bell, a member of the British Columbia team to San Francisco.

Cull refereed.

## SCHOOL ATHLETIC CHAMPS CROWNED

Athletic champions of St. Michael's School were crowned Saturday afternoon when the school's 21st annual sports meet was staged at the Boundary Road field.

A. Gillespie won the Victor Ludorum Shield and permanent trophy, presented by the Old Boys, while P. Birch-Jones was crowned intermediate champion and won the trophy in that class. The Junior cup was taken by P. Jones and B. Ley, the midge honours. Aggregate points in regulation races decided the trophy winners.

Weather conditions for the meet were perfect and competition was keen. A large gathering of Old Boys and friends were on hand.

There were events for students, fathers, mothers, little brothers and sisters and Old Boys.

After the competitions prize-giving ceremonies were held at the school, where tea was served the competitors and guests.

The meet was organized by K. W. Symons. Other officials were: Judges, John Grant, M. Bridgman and H. Robinson; recorder, C. E. Ley; starter, E. J. Symons.

## ATHLETICS CLASH WITH NAVY NINE

Meet Tonight in Battle For First Berth in Senior Baseball

Joint occupants of first berth in the McGavin Cup series by virtue of victories in their opening starts last week, Tommy Restell's Athletics and Navy baseball nines will meet tonight at Athletic Park to decide the lead.

Restell will send Lloyd Cann to the hillock for hurling duties. Either Murray, McIntyre or Southern will be sent to the mound in the sailors' camp. The sailors have bolstered their squad considerably and are already being considered a big threat in the current chase for the senior league honors.

Eleven clubs in the Victoria Baseball Association will see action this week. There will be three senior games and a half dozen second division fixtures.

The week's schedule follows:

### SENIOR LEAGUE

Monday—Navy vs. Athletics, Royal Athletic Park.

Wednesday—Eagles vs. Pitzer & Nex, Royal Athletic Park.

Friday—Navy vs. Eagles, Royal Athletic Park.

### SECOND DIVISION

Tuesday—Pitzer & Nex vs. Brown Bombers, Beacon Hill.

Cedar Hill Athletics vs. Cubs, Oak Bay Park; Eagles vs. Navy, Admirals Road; Oak Bay, bye.

Thursday—Oak Bay vs. Brown Bombers, Oak Bay Park; Navy vs. Cedar Hill Athletics, Admirals Road; Cubs vs. Pitzer & Nex, Beacon Hill.

All games commence at 6.10. The first mentioned is the home club.

## POLITANO, COSIER SPARK LIBERALS

With Bert Politano and Ralph Cosier, two smart front rank men, providing all the goals, Manager Ed Whyte's Young Liberal footballers scored an 8 to 1 victory over Cumberland in Nanaimo yesterday to top the Vancouver Island intermediate football championship.

This was the Liberals' fifth trophy win in current season play, and next Saturday they will be out to try and take the Jackson Cup in their final battle with Victoria West seniors.

Centre-forward Politano, playing inspired ball, sagged the hemp three times in the first half to give the Victorians a 3 to 0 lead at the breather. Cosier provided two goals in the second half before Cumberland scored on goalie Bobby Moss for their only tally. Before the game ended Cosier tallied twice more and Politano bagged another. Goalie Moss stopped a penalty shot early in the final session.

Aquatic winners

Miss E. Stark and F. Tully were victors in the women's and men's competitions held weekly by the Y.M.C.A. Swimming Club Saturday night at the Crystal Garden. M. Passmore was second in the women's event, F. Byatt third and M. Doherty. Second in the men's event was H. Reston and D. Davidson third. B. Doherty and R. Wardell were tied for fourth place.

## Club Springs To Life In Big Fashion

Trim St. Louis 14 to 4. And 7 to 4 After 10. Players Switched Around

It took the biggest swap baseball has had in years to shake Detroit Tigers out of their sleeping sickness, but they roared like healthy animals when they finally stirred.

Up until Saturday night when they traded Vernon Kennedy and five other players for Buck Newsom and three others, the Tigers had won only one of 11 games since May 1.

So the double damper they slugged on St. Louis Browns, 14 to 4 and 7 to 4 yesterday in the first bargain bill of the 1939 major league program may have made some of their future foes tremble.

On first glance, the deal appeared beneficial to both clubs, but since the Browns had the most marbles to begin with they seemed to have profited most. For months Detroit fished for a good pitcher and a good outfielder. These were obtained without giving up anyone important in Tiger plans.

### IS WORKHORSE

Newsom is a workhorse who pitched 330 innings for the Browns last year and won 20 games. With Tommy Bridges and a renovated Schoolboy Rowe he made Detroit three good pitching numbers backed by Archie McKain, Al Benton and Dizzy Trout as added starters who have a chance of clicking.

Roy (Beau) Bell is a good defensive outfielder who batted .344 in 1936 and .340 in 1937. Even last season when he slumped to a .262 percentage he brought home 84 runs. Ralph Kress, 32-year-old shortstop, who hit .302 last year, and pitcher Jim Walkup were the other Detroit acquisitions. Both Bell and Kress were pressed right into the Tigers' lineup yesterday and bagged hits in each game.

To get this quartette the Tigers gave up Kennedy, a pitcher who won his first nine starts last year and then lost nine of his 12 decisions during the remainder of the season as well as his first two this year; Roxie Lawson, George Gill and Bob Harris, who between them have won two and lost three games to date; infielder Mark Christman and outfielder Chet Laabs.

In the other American League games Red Ruffing shut out Philadelphia Athletics, 10 to 0, on four hits and the slugging of his fellow New York Yankees, for his fifth victory without defeat

## Vic Painter Club Champion

Defeats C. F. Thomas 5 and 4 to Win Uplands Golf Championship

Defeating C. F. Thomas 5 and 4, Vic Painter regained the men's championship of the Uplands Golf Club yesterday. Painter previously held the title in 1936.

At the end of 18 holes of the 36-hole final Painter was 4 up. In the afternoon Thomas steadied down and carried the match to the 14th green.

In the first flight final James McIlraith defeated G. M. Lindsay at the 19th. E. Broom won the second flight from S. G. Peel 3 and 2 and C. M. Clark the third from Neil H. Grant 5 and 3.

In the long driving, Gordon Craig made the longest drive and Chas. F. Thomas had the best average.

Eric Hiberson had the nearest ball in the approaching competition and G. M. Lindsay had the best average for three balls. The prizes were presented by Mrs. J. H. Frank who was given a hearty vote of thanks, proposed by the captain of the club, James McIlraith.

## HASENFRATZ, TODD POST TOP SCORES

A. E. Hasenfratz and Ernie Todd posted top scores to take the lead in the Victoria Skeet and Gun Club's trophy shoot which opened on the Albert Road grounds yesterday.

Hasenfratz was tops in the H. A. Humber handicap trapshoot with a 24 out of a possible 25, while Todd smashed 23 out of a possible 25 clay pigeons on the skeet layout to go out in front in the C.I.L. trophy competition. Runners-up in the Humber trophy contest were Herman Hasenfratz and Johnny Wenger. They posted 23. Jack Bevan of Nanaimo was next to Todd in the skeet with a 22.

There was a good crowd of shooters on hand. Clay pigeons released totaled 1,550.

## Horseshoe Pitching

At a meeting of the Greater Victoria Horseshoe Pitching Association held recently W. J. Rennie was elected president, Harold Kirkham vice-president and Arthur Manson honorary secretary.

It was decided to open the season May 24 by staging the Victoria and district singles and doubles championships for the Rennie and Taylor and John A. Worthington trophies, also the Coronation Cup for the singles championship in B section.

Competitions on this date are open to all wishing to participate. Competitors must register with the secretary before 10 on the morning of the games. Play will start at 11.

## Victoria Wins Polo at Duncan

Local Team Score Odd-game Victory in Three Week-end Matches

Victoria players took an odd-game victory in the three polo games played against the Cowichan Polo Club and the 62nd Field Battery team at Major Thorne's new field at Westholme over the week-end.

Two Victoria teams, the Reds and Yellows, made the week-end trip, returning yesterday after one game Saturday and two yesterday. The games served as preliminaries to the big polo tournament which will be staged at the Willows during the Royal Visit on May 26, 27 and 28, when eight teams will be seen in action, representing various parts of the province.

Yesterday the Victoria Reds scored a 2 to 0 victory over G. G. Balss' Cowichan team, while the Yellows took the measure of the Battery team 2 to 1. For the Reds Geoff Edgelow scored both markers, while Jack Boorman performed the same feat for the Yellows. Carberry registered the Battery's lone tally.

On Saturday the Cowichan team scored an easy 5 to 1 victory over the Victoria team, comprised of members of both the Yellows and Reds. Major Thorne and G. G. Balss were the scoring powers for the home team and Jack Boorman scored for Victoria.

Line-ups for yesterday's game were:

Victoria Reds—D. B. Carley, G. Edgelow, J. G. Hazlewood and R. Wilson.

Cowichan—J. Hewlett, G. G. Balss, R. Balss, Major Thorne and John Thorne.

Victoria Yellows—Gordon Harris, Jack Boorman, A. P. Dave and N. Van der Vliet.

62nd Battery—F. Ferguson, H. Carberry, W. Matterson and T. Bailey.

Saturday's line-ups were:

Cowichan—G. G. Balss, R. Balss, Major Thorne and J. Hewlett.

Victoria—Boorman, Edgelow, Van der Vliet, Dave and R. Wilson.

Mrs. Balss and Mrs. Thorne served as hostesses during the visit, serving tea and refreshments for the visitors on both days.

## MRS. DOWELL IN THRILLING WIN

(Continued from Page 11)

On the carpet and wound up with a birdie four to Mrs. Dowell's six and the match was all square.

The 35th hole was the turning point. Mrs. Hocking hit another of her powerful drives while Mrs. Dowell was off to the right of the tee. After playing their seconds Mrs. Hocking was just over the green while Mrs. Dowell was well short. The latter chipped on 20 feet from the pin while Mrs. Hocking went past the pin about seven feet. Stroking her ball smoothly Mrs. Dowell sank the putt while the crowd held its breath as the pellet literally hung on the lip before disappearing from sight. Mrs. Hocking missed her putt and was 1 down again. Both players got into trouble on the home hole. Mrs. Hocking's drive was off to the right but she hit a tree and got a good lie. Mrs. Dowell cut her second into the rough while Mrs. Hocking pushed her ball into the rough on the right. Both were well out and on the green in four. Mrs. Dowell was away and calmly stepped up and rammed home a 12-footer to cinch a half and the match.

At the conclusion of the final the prizes were presented in the clubhouse by P. S. Lampman.

Results of the flight finals follow:

### FIRST FLIGHT

Mrs. B. R. Philbrick defeated Mrs. W. A. R. Hadley 6 and 5.

### SECOND FLIGHT

Mrs. H. O'Callaghan, Vancouver, defeated Mrs. W. H. Lawson 4 and 3.

### THIRD FLIGHT

### BOWLING GREENS OPEN

The Victoria Lawn Bowling Club officially opened its Beacon Hill Park greens for 1939 competition Saturday when Mayor Andrew McGavin bowled the first wood. There were a large number of members and visitors present. Club President J. A. MacDonald gave the opening address. Mrs. F. W. Davey, president of the women's club, threw the first jack and W. Halliday, honorary president, set the jack. Then Mayor McGavin threw the first bowl.

The province of British Columbia produced 1,439,499 tons of coal in 1937, an increase of 100,000 tons over the preceding year.

## Championship Gala

Local aquatic performers will vie for 14 city championships when the Vancouver Island Swimming League stages a big swimming gala May 26 in connection with the Royal Visit celebration program in the Crystal Garden. Besides the big list of championship events the program includes 12 other events, including exhibition diving and water polo. The meet will start at 8.

## Maroons Rest Another Year

No One Ready to Take Over Franchise From Idle Montreal Hockey Club

BOSTON (AP)—The National Hockey League appears doomed to another year's operation as a seven-club one-division circuit.

Wm. Northey, representative of National Maroons, reported to the board of governors here Saturday his club would be unable to operate during the 1939-40 season. As a result, the Montreal franchise was voted suspended for a second season.

Frank Calder, re-elected league president for a 23rd term, said no other site appeared available to take over the Maroons' franchise. Only announced change in the league rules was designed to stop the indiscriminate loaning of players. It was voted that in future a player loaned to another National Hockey League club would become the latter's property on payment of \$7,500 on or before April 15 of any year.

A committee comprising Conny Smythe of Toronto, Arthur Ross of Boston and President Calder was appointed to confer with the rules committees of the minor leagues and the Canadian Amateur Hockey Association.

Governors elected were Wm. Tobin, Chicago Black Hawks; James Norris Sr. and Jack Adams, Detroit Red Wings; Col. John R. Kilpatrick and Lester Patrick, New York Rangers; Weston Adams and Ross, Boston Bruins; Smythe, Toronto Maple Leafs; Ernest Savard, Montreal Canadiens, and M. Dutton, New York Americans.

### RAINBOW RIFLE CLUB

The Rainbow Rifle Club held its weekly shoot on Saturday, the results out of a possible 100 being as follows:

## TRUCK LOOTED AFTER THEFT

Thieves over the week-end looted a truck belonging to Pierce, Erickson and Hill, wholesalers, of \$500 worth of cigarettes, tobacco and candy, then abandoned the truck on Craigflower Road, west of Tillicum Road.

The truck was reported abandoned by Jefferson King and when Esquimalt Police were notified they found the contents missing. The theft of the truck had not been reported to police when Mr. King communicated with them. Police said the truck was stolen from a downtown garage where it was stored overnight.

The monthly meeting of the Sergeants' Mess of the Canadian Scottish Regiment will be held tomorrow night at 8.

## TOWN TOPICS

The City Council will meet at 3 tomorrow afternoon to approve consolidated by-laws.

Alan Chambers will be the speaker at the meeting of the Oak Bay Liberal Association in the Oak Bay Theatre Hall tomorrow night at 8.

First United Y.P.S. will meet on Tuesday when moving pictures will be shown. It will be preceded by a meeting at 7.30 for young people interested in forming a tennis club.

Tonight at 8 the Associated Radio Technicians of B.C. (Victoria section) will meet in room 7a, Arcade Building. Tom Brown, president of the Vancouver unit, is expected to address the meeting.

Members of the provincial highway transport branch staff who have been transferred to the Public Utilities Commission will retain their standing under the Civil Service Superannuation Act, it was announced here today.

Percy H. Webb of Campbell River was appointed stipendiary magistrate for Nanaimo County by government order today. Evah May McKowan of Cranbrook was named a judge of the juvenile court in place of Thomas M. Roberts.

A special meeting of the Mounted Police Veterans' Association will be held in the board room, Army and Navy Veterans Club, Wharf Street, Wednesday afternoon at 3. Ex-members of the R.N.V.M.P. or R.C.M.P., whether members of association or not, are invited to be present.

Since the San Francisco fair opened in February, 71,000 persons have signed the register at the British Columbia exhibit, the Department of Trade and Industries was advised this morning. These registrations are from among 395,000 persons who have seen the exhibit. Total attendance at the fair as a whole has been 2,900,000.

Motorists who have been getting off with \$5 fines for exceeding the 15-mile-an-hour speed limit in the zone on Pandora Avenue, near the High School, will soon have to pay the usual \$10 penalty for this offence. The court has shown leniency recently because the zone was a new one. Three motorists were fined \$2.50 each this morning for parking violations and a fourth was fined \$10 for exceeding the 30-mile-an-hour speed limit.

The 10th annual meeting of the Victoria Music Teachers' Association will be held on Wednesday at 10 in the Y.V.C.A. Building. Presentation of scholarship certificates won at the Musical Festival took place last Friday at the monthly recital of the association. The scholarship is offered to the student of the association who obtains the highest marks in all instrumental solo classes, above and including junior grades, and was won jointly by Miss Phyllis Hick, violinist; Miss Marjorie Lea and Miss Vera Wood, pianists, each having obtained 85 marks. The certificates were presented by Reginald Cox, president.

## Short Wave Club

Victoria Short Wave Club met in the clubhouse, 2500 Foul Bay Road, Saturday night, R. J. Tate presiding.

A silent tribute was paid to the memory of Willard Young, YESAC, one of the club's charter members, who died in Vancouver recently.

Norman Dixon, YESPX, was elected a member of the club.

Plans to have the exterior of the clubhouse painted were completed.

E. Quale was appointed a member of the newly-formed inter-club committee to replace E. H. Cooper.

The first hidden transmitter hunt of the season will be held June 11, the official A.R.R.L. field day.

Visitors to the meeting included H. J. Littlefield from Port Angeles; L. Scott of Vancouver; Adrian Pecknold, Penticton; S. Miller, E. Wheeler, J. Rolf and T. Clayards.

## Buckerfield's Limited Extend Their Field

Rounding out a complete farm service, Buckerfield's Ltd. announce their appointment as distributors in the Victoria district for Cockshutt, Frost and Wood farm machinery, including Hart Parr tractors. This new department, added to their well-known dairy and poultry feeds and supplies, seeds, fertilizers, insecticides and fruit sprays, will enable this enterprising firm to give a complete farm service to their many customers in this district.

New, modern farm machinery and all needed repair parts may be secured on short notice from Buckerfield's Ltd. local branch.

Grapes were among the first domesticated fruits.

## Prospectors Are Needed in B.C.

Hon. W. J. Asselstine Tells Chamber of Commerce of Program

The important part which the encouragement and development of young prospectors plays in assisting the industry of British Columbia was emphasized by Hon. W. J. Asselstine, Minister of Mines, in a luncheon address to the annual meeting of the Chamber of Commerce in Spencer's dining-room this afternoon.

Speaking on gold mining in British Columbia and its relation to the industry of the province, Mr. Asselstine said one of the primary needs of gold mining today was prospectors to go into the fields and find the prospects. Realizing this the provincial government, in collaboration with federal authorities, had set up a camp for boys at Emory Creek, where they were instructed in prospecting. There were 100 boys at the camp, and 20 per cent are showing real prospects, he said. For the best members of the class permanent work would be found through the co-operation of the mine operators of the province, he said.

The important part which Vancouver Island gold mining activity is playing in the province was also dealt with. Island properties were now employing between 300 and 400 men with a monthly payroll of \$175,000, which meant new homes and new communities for the island.

In describing the government's part in boosting mining activity Mr. Asselstine said one of the most important aims was to restore confidence of English and eastern Canadian capital in British Columbia's gold mines. He felt if some of the English investors could be attracted an easier flow of capital would result.

Plans for opening up the northern mining regions, where eastern Canadian syndicates were prepared to make large investments were also discussed. Mr. Asselstine explained transportation was the most important problem for consideration in the opening up of this region.

He felt the forthcoming Royal Visit would do much to attract new attention to Canada and stimulate a new interest, which would materially assist in building up the Dominion.

Harold Husband moved the vote of thanks to Mr. Asselstine. Reeve R. R. Taylor, Oak Bay, and Reeve A. G. Lamb, Saanich, guests at the luncheon, were introduced by Duncan MacBride, President.

Reports of the last year's activities of the chamber were heard from Mr. MacBride and George I. Warren, secretary.

## Founder of Famous Regiment On Visit

On a tour across Canada to see his beloved "Princess Patricia's" Lieut. Col. A. Hamilton Gault, D.S.O., of Taunton, England, is at the Empress Hotel for a few days with Mrs. Gault.

At his own expense, in 1914, Col. Gault raised the famous Princess Patricia's Canadian Light Infantry, which is still going strong and has a large detachment in Victoria. In those stirring days at the commencement of the Great War this gallant soldier, who left a leg on the battlefields of France, was a major.

He is having a grand time in Victoria; for he has many old comrades here and he would much rather talk old times with them than be formally interviewed.

Yesterday afternoon Col. Gault led the Victoria detachment of the regiment to Christ Church Cathedral for the memorial service commemorating the parts the famous "Pats" played at Frezenberg, May 18, 1915.

Major J. N. Edgar, who served with Col. Gault overseas, was in charge of local arrangements.

A large group of present and past members of the "Pats" paraded to the cathedral for the service.

## 'Y' PHALANX CLUB RECEIVES CHARTER

The local Y.M.C.A. Phalanx Club received its official charter in the United States Phalanx organization at a district conference held in Renton, Washington, over the week-end.

Three members of the local club attended the conference and received the charter which formally installed the group in the district—the first time a Canadian Phalanx club has become officially affiliated with a United States division. The members were Harold Alexander, Jack Kemp and Maurice Pickering. They returned home this morning.

It takes about 40,000 years to form four feet of good soil, the minimum needed for good crop-producing land.

## OBITUARY

Morris, C. E. J. Milling, Hugh Patterson, Theo. Forbes and R. B. Gildea. The remains were laid at rest in Colwood Burial Park.

CLEMENTI-SMITH—On Saturday afternoon the funeral of Mrs. Eveleen Clementi-Smith was held from Hayward's B.C. Funeral Chapel, Rev. A. E. G. Hendy conducting the services. The following were pallbearers: Major W. R. Hutton, H. W. Chandler, H. E. Bissell, Commander C. H. R. Slingsby, R. N. C. Hemmerson and Col. C. M. Messiter. The remains were laid at rest in Royal Oak Burial Park.

MACQUEEN—Rev. L. W. McLean, assisted by Rev. F. Comley, conducted funeral services this morning at Hayward's B.C. Funeral Chapel for Rev. Ewan MacQueen. Interment was in the family plot in Ross Bay Cemetery, the following members of the Victoria Memorial Association acting as pallbearers: Rev. Andrew Reid, D.D.; Rev. Dr. A. S. Imrie, Rev. A. E. Whitehouse, Rev. P. McNabb, Rev. J. M. Niven and Rev. F. W. Anderson.

MARTIN—Mrs. Joan Buchanan Martin, wife of Dr. George H. Martin of Vancouver, died yesterday at St. Joseph's Hospital, after a brief illness. Mrs. Martin came over from Vancouver about a month ago. She is survived by her husband and two sisters, Mrs. J. Wilson, Oshawa, Ont., and Mrs. J. Ryan, of Netheron, New Zealand, also nephews, nieces and great-nieces and great-nephews. Funeral services will be held on Thursday afternoon at 2 at Hayward's B.C. Funeral Chapel, followed by interment in Colwood Burial Park. Rev. J. L. W. McLean will officiate.

COADY JOHNSON—Mrs. Sarah Jane Coady Johnson, wife of E. E. Coady Johnson of 1422 Stanley Avenue, died Saturday at the Royal Jubilee Hospital, aged 65 years. She was born in County Antrim, Ireland, and was a retired school teacher, having taught school in Victoria for 30 years. She was also school trustee for two years, and was second past matron of Queen City Chapter No. 2, O.E.S. Beside her husband, she leaves one daughter, Mrs. A. O. McGonigal of Nanaimo, and one grandchild; two brothers, William J. Marshall in the Yukon and James Marshall in Nanaimo; two sisters in County Antrim, Ireland, and also several nieces and nephews. The funeral will be held from Hayward's B.C. Funeral Chapel tomorrow afternoon at 2:15. Rev. Canon F. A. P. Chadwick officiating and interment will be made in the family plot in Ross Bay Cemetery.

REVELSTOKE (CP)—X. Holdener, Revelstoke brewery owner and operator, died here yesterday following a brief illness. He is survived by his widow, two sons and one daughter, all of Revelstoke.

VANCOUVER (CP)—Melvin Sparkes, 22, son of George E. Sparkes, public school principal at Nelson, B.C., died here yesterday, only four days after receiving his Bachelor of Arts degree at University of British Columbia. He had been in ill-health for several months. Sparkes was born in Nelson and received his public and high school education there, moving to Vancouver three years ago to attend the university. He is also survived by his mother and two brothers, Leslie and Clifford, all of Vancouver. Funeral arrangements will be announced after the arrival here of his father from Nelson.

## SALVATION ARMY LEADER SPEAKER

Col. G. W. Peacock, Secretary for Canada, Addresses Gyros

The motivating force of service, was vision, Col. George W. Peacock, chief secretary of the Salvation Army for Canada, Newfoundland, Alaska and Bermuda, told the Gyro Club at lunch in the Empress Hotel today.

All service club members—Rotary, Kiwanis and Gyro—catch the vision, he said. If they did not, they were not members for very long.

Through their vision, service clubs were promoting international good will. They were helping to build a better world. There were always some "leaners" in such organizations, but it was the "lifters" who were the true members.

The speaker enumerated the various types of work being done by service clubs, and he praised them for their service, in general, for the betterment of mankind.

At Minnis acted as chairman during the luncheon. Harold Butcher thanked the speaker.

## INDIA HOPES FOR SELF GOVERNMENT

Better Than Good Government, Says Hindu Scholar and Statesman

"Self government is better than good government, for only by self government can people gain self-respect and express the personality and character of their country," said Dr. D. P. Pandia, former member of the Indian Legislative Council, who spent the week-end in the city, guest of Mrs. M. King, King George Terrace.

He said Dominion status for the people of India was bound to come. He would like to see India given Dominion status and become an important part of the British Commonwealth, as the other Dominions.

The dignified Hindu scholar has praise for Mahatma Gandhi, whom, he said, was the link between Great Britain and young India. He said he was the most living force in the country.

"Gandhi is the only steady force in India today," he said. "He is the best friend Great Britain has. His idea is not to break the bond between Britain and India but to transform that bond into a partnership."

"Gandhi's saintliness has made him an institution and his influence will grow even greater when he dies."

Dr. Pandia spoke twice here at the Truth Centre, under the auspices of the Theosophical Society and left this afternoon for Vancouver, en route to London where he will consult with the British Government on Indian political subjects.

## DEBT RELIEF GIVEN FARMERS

Reductions Totaling \$2,089,000 Made in British Columbia

British Columbia farmers, who sought redress under the provisions of the Farmers' Creditors Arrangement Act of 1934, obtained reductions totaling \$2,089,000 on 1,200 formulated proposals, an official release shows. The original debt involved was \$5,583,000.

The annual interest saving to farmers is \$155,300, which was effected through cancellations and the cutting down of interest rates to 5 per cent. An additional 145 applications are in the process of being dealt with. Ten official receivers throughout the province were able to dispose of 295 cases by means of amicable and voluntary arrangements with creditors.

Farmers, who contemplate using the privileges of the act, are notified to do so before June 30 next and should submit their applications to their nearest official receiver. The statute expires on that date as was provided for at the 1938 session of the House of Commons.

For the Dominion, 41,935 cases have been tabulated and involve an original debt of approximately \$250,000,000. Reductions granted were \$80,000,000 and the annual interest saving \$6,000,000.

Mr. Justice D. A. McDonald, chairman; Robert McKee, Vancouver; George Heggie, Vernon, and J. E. Merryfield, registrar, comprise the Board of Review in British Columbia.

## More Traffic From Alberta to Coast

A big increase in travel to the coast from Alberta was forecast today by J. Ernest Davey of the Edmonton Journal, who is a visitor in town. Mr. Davey said that while travel increased last year from Edmonton and Calgary to the coast, this year transportation companies are having to double their equipment to handle the coastbound Albertans. He noted that demands for information about Victoria and Vancouver Island show a 150 per cent increase over last year.

## GIVES REPORT ON WATER GATHERING

Opinions Differ On Bonding to Water Mains, Says Alderman

Opinion on the disadvantages of bonding power wires to city water mains varies considerably in the northwest, Alderman John A. Worthington, water committee chairman, reported today following his return from the annual convention of the American Waterworks Association in Tacoma last week.

That subject was given extensive discussion at the meetings of the group, the alderman stated.

He was greatly impressed with a paper by Samuel B. Morris, Dean of Engineering at Stanford University, on "Waterworks Planning" and by the manner in which Tacoma had made provision for future needs. He intended, he said, to outline some of the points brought forward on the subject at a future meeting of the local committee.

Alderman Worthington spoke of Victoria's fortunate position in securing clean, fresh mountain water, while Tacoma was required to chlorinate its supply.

Consideration would be given by his committee to the Tacoma system of using domestically-made concrete pipe for its flow lines. Such pipe, he thought, might be made locally and used in preference to material brought from other points.

## Movie Villain On Holiday in City

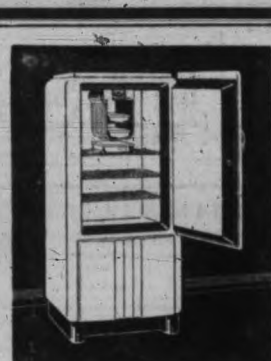

"My wife was here nine years ago and she's never stopped talking about it; that's why I'm here," explained Carol Naish, "bad man" of many Hollywood motion pictures, who is at the Empress Hotel today with his wife, on his first vacation in the Pacific Northwest.

"It is so beautiful here we are going to stay four days instead of the two we originally planned," he said. "My wife is so crazy about Victoria she almost had me buying a homestead yesterday."

Mr. and Mrs. Naish brought their car with them and will motor on the island and in the Rockies, around Banff and Lake Louise, before returning to California at the end of the month. Mr. Naish will shortly start work with Gary Cooper in "Beau Geste."

## Soviet Film On Columbia Bill

"Defence of Siberia"  
Introduces Dramatic  
Fighting Episodes

If one were to change the name Siberia to Changkufeng, and the date from 1918 to 1938, the new Soviet film, "The Defence of Siberia," which opens at the Columbia Theatre today, could with very slight modification, be viewed as the story of what is today going on along the Soviet-Manchurian border. Put into production almost three years ago by George and Sergei Vasiliev, immediately after completion of their work on "Chapayev," the film is at once authentically historic and imaginatively prophetic.

The story it tells centres in Japan's invasion of Siberia 20 years ago, and ends with the rout of the invaders and their flight from Soviet soil. The war is over. But the words of the Japanese commander as he boards the train after surrender, and his far-off glance backward into Russia tells plainly that Japan's dream of empire is not over.

## 'Sweethearts' at Oak Bay Show

Jeanette MacDonald and  
Nelson Eddy Co-starred  
In Great Musical

A new Jeanette MacDonald and Nelson Eddy and a new warmth, color and comedy spirit in musicals makes itself manifest in "Sweethearts," fifth co-starring musical of the famous singing team, which opens today at the Oak Bay Theatre.

Technicolor has given both singers a more vivid personality, while the up-to-the-minute story devised for them by Dorothy Parker and Alan Campbell from the Victor Herbert opera provides the stars with comedy characterizations which should win them legions of new followers.

Miss MacDonald and Eddy prove themselves as skillful in modern roles as in their past costume successes and offer a musical feast in their singing of the lovely Victor Herbert songs, among them "Sweethearts," "Every Lover Must Meet His Fate," "Pretty as a Picture" and "On Parade."

## Menjou Star in 'King of Turf'

Story Teeming With  
Action and Color  
On Plaza Screen

Adolphe Menjou is starred in "King of the Turf," which opens today at the Plaza Theatre. It is a story teeming with action and movement and color. Its background is the exciting world of racing fans and gambling tables. Its characters come from all strata of society, its story is rich in drama and comedy, humor and pathos. Forceful direction, brilliant photography, gorgeous background scenes and on-stage goodness horse races fill the spectator with breath-taking suspense and provide a thrilling evening.

## 'Ice Follies of 1939' at Atlas

Joan Crawford in  
Type of Role Which  
Rocketed Her to Fame

Hitting a new high in entertainment "The Ice Follies of 1939," starring Joan Crawford with James Stewart, Lew Ayres and Lewis Stone, opens a two-day engagement starting today at the Atlas Theatre.

"The Ice Follies of 1939" contains the happy combination of plot, extravaganza, and some of the best tunes to come out of Hollywood this season. It features Joan Crawford in the type of role which sky-rocketed her to screen fame, and in addition introduces her to audiences as a new find in film songstress.

The story centres about Mary McKay, a singing ice skater who, through a series of strange twists of fate, finds herself on the top rung of the ladder to film fame. Her quick ascent, however, leaves her husband Jimmie Stewart behind and the manner in which the two are finally reunited supplies plenty of punch to the dramatic action of the story.

## U. OF W. BAND TO PLAY HERE MAY 30

On former occasions good musical attractions have been brought to the city by concert manager George J. Dyke, who now announces that the famous band of the University of Washington, through Alderman W. H. Davies, chairman of the celebration committee, will, in a national and appreciative gesture, appear here during the visit of the King and Queen. The band, of 80 pieces, will give a concert at Macdonald Park from 3.45 to 5 on Tuesday afternoon, May 30.

## Yachting Season Officially Opens

Stars, Dinghies and Snipes Race for First Time This Year

Perfect weather was the order for the official opening of the yachting season this week-end.

It was pleasant to see the trim white-winged yachts out once again, their skippers and crew members in white sports clothes. Many interested spectators watched from the floats and the spacious veranda of the Royal Victoria Yacht Club at Cadboro Bay, while others gazed from the rocks and other vantage points around the bay.

Yesterday saw the first of the B series for dinghies and snipes, for the Commodore Ashe and George Broome trophies. The dinghies got away at 2:15 p.m., Penguin, E. P. Ashe finishing at 3:53 p.m.; Pancho, Harry Barnes Jr., at 3:55 p.m., and Teal, John Todd at 4:23 p.m. Other entries in this race were Dechick, J. H. B. Gann and Canim, Tom Beeching.

Snipes started at 3:25 p.m., Pelican, Frank Ward finishing at 4:07 p.m. and P.D.Q., John Moran at 4:17 p.m.

Herbert Gann was officer of

the day yesterday, with Stewart Mitchell as starter and Secretary J. Cameron as timekeeper. Aquila, A. and C. Packford, won the first of the series for the Longstretch Cup (stars) on Saturday, starting at 3:05 p.m. and finishing at 4:33.30 p.m. Ripples, Tom Halkett, was second, finishing at 4:35.30.

First of the series for the Devonian Cup (dinghies) went to Penguin, E. P. Ashe, starting at 3:10 p.m. and finishing at 4:33.10 p.m., with Pancho, Harry Barnes Jr., second and Teal, John Todd, third. P.D.Q., Moran, won the first of the series for the Lindsay Cup (snipes) on Saturday, with Frank Ward second and Ormond Griffin in third place.

## Down the Gangway YUKON CAPTAINS ARE BOUND NORTH

The river skippers are north-bound, which means navigation will open in a few weeks on the Yukon River and its tributaries.

Five of the best known rivermen of the Pacific Coast sailed from Vancouver Saturday night by Ss. Princess Louise to remain in the north until the close of navigation in October.

To what yarns will the smoking room of the Louise be among the most colorful characters of the fascinating northland stories they tell are famous among thousands of tourists.

Capt. "Charlie" Coughlin, master of the Whitehorse, among those heading north. He will pilot his big sternwheeler up and down the Yukon between Whitehorse and Dawson, sitting high in the wheelhouse and "reading" the river waters for shifting sandbars.

Everyone in the north and thousands of tourists know "Scottie Mac." He is Capt. Jack McDonald and is master of the Tutshi, which runs on Tagish Lake. He is also northbound on the Louise, as are Capt. Dan McKay, Capt. E. Morrison and Capt. M. Campbell, as fine bunch of men as will be met anywhere.

## ROYAL VISIT TRIPS

The schedule of the stream-lined Kalakala between Victoria and Seattle, at the time of the Royal Visit, has been announced.

It calls for two trips on May 29, leaving Seattle at 7 a.m. and 6 p.m. and arriving here four hours later.

On May 30 the Kalakala will leave Seattle at 5:30 a.m. and returning, leave Victoria at 6 p.m.

The day the King and Queen leave Victoria, the Kalakala will leave Victoria at 8 a.m. and 6 p.m., returning the great crowd of visitors, who will come here from the Sound city.

Ss. Iroquois will leave Seattle at midnight May 29, direct for Victoria, and will arrive here at 6 a.m. May 30.

Edward T. Newell, son of Capt. and Mrs. G. M. Newell of 840 Craigflower Road is fourth officer of Ss. Empress of Australia, which is bringing King George VI and Queen Elizabeth to North America.

He is a younger brother of Capt. Ronald Newell of Victoria, who was one of the heroes of the Canadian Importer wreck some years ago.

ON TRIAL TRIP—The Canadian National liner Prince Robert, which will carry the King and Queen from Victoria to Seattle, will carry the King and Queen from Seattle to San Francisco.

Line officials said the ship would take a short trial run in the Gulf of Georgia in preparation for the Royal Visit. A trip she was scheduled to carry to San Francisco this month was canceled when it became known the ship would carry Their Majesties.

## Wheat Early Gains Erased

WINNIPEG (CP)—Liberal selling offset the effects of firmness at Chicago and Liverpool and forced wheat futures prices more than a cent down at Winnipeg today.

Closing quotations were 1 1/2 cents down, May at 64 1/2, July 65 1/2 and October 66 1/2. Most of the selling was credited to southern interests and was believed to represent profit-taking.

Week-end export business in Canadian wheat was confined to a few loads with no definite figure available.

Liverpool was lifted 1/4 to 1/2 d. Chicago scored small gains, while Buenos Aires held unchanged.

A small export demand for top northern grades came out in cash wheat. Pit-trading in cash grains was uninteresting.

## NEW YORK (AP)—The stock

market worked up a mild rally in temperature in the early part of today's proceedings but cooled off considerably before the close.

There was a modest expansion of volume in the first hour. From then on the pace slowed, and transfers for the five hours were around 300,000 shares, or in line with the apathetic performances of the past several weeks.

Calumet ran to a point or so for favorites at the start. At the finish advances were substantially reduced or erased in many cases, and the final tone was no better than steady.

Steel shares backed away when this week's mill operations were estimated off 1.6 points at 45.4 of capacity, the lowest rate, except for the Christmas week, since last September.

Brooklyn Union Gas and Kroger Grocery edged into new high ground for the year before slipping. Kroger was the liveliest of the list, apparently reflecting expectations of better things for the chain stores.

Popular most of the time were such issues as American Telephone, Westinghouse, Chrysler, Santa Fe, American Smelting, General Electric, Douglas Aircraft, Woolworth, Sears Roebuck and Goodyear.

Slanting higher in the Canadian group were Dome, McIntyre Petroleum and Hiram-Walker. In the bond market Dominion 4s were also in demand.

### Red Cross Prepares For War Work

TORONTO (CP)—The Canadian Red Cross Society announced last night it has started organizing for such work as was done by the Red Cross during the Great War.

The Red Cross invites all persons and organizations interested in these services to enrol themselves at their local Red Cross office, with full particulars of their qualifications. This appeal is directed specially to those who have been trained through Junior Red Cross, home nursing classes, sewing circles and other Red Cross services.

Again warning is given of sabotage which will endanger life and cause heavy losses through the destruction of valuable property. Warships and airplanes should be safeguarded by super-vigilance.

#### Story of the Battle-ship

1—In Olden Times

If we go back far enough in history, we find war vessels without cannon. In fact, cannon have been used in sea battles for only five centuries.

In ancient times, fishing boats and trading vessels were manned with soldiers in time of war, making a navy of a sort. Later the nations around the Mediterranean built boats for the special purpose of war. These were longer and narrower than the ships which carried goods from place to place, and it was possible to make greater speed with them.

Spanish-British sea battle two centuries ago

The vessels were moved with sails and oars. Often a boat had scores of oars which were worked by men who labored in the lower decks; the oars stretched out through small holes in the sides of the vessels. The oarsmen were commonly slaves, chained to their seats. If their vessel was sunk in battle, they had no hope of being saved.

At one time, Athens had 360 long galleys, and this gave it first place among Greek cities as a sea power. The Athenian fleet did much to guard the Greek coast from the armed men of Persia.

Some idea of the growth of sea forces may be gained from figures which have come to us on the fleets of Rome and Carthage in the first Punic war. We are told that these fleets were of about equal size, and between them carried 300,000 men.

The Romans won the war, and as a result obtained power over Sicily. This island today is part of the Italian empire.

In those times, warfare on the sea was carried on largely by "ramming and boarding." One galley might be rowed or sailed with great force against another, so its sharp prow would strike the other broadside, and perhaps sink it. In other cases, the attacking vessel would be brought side by side with the other, and soldiers would leap from deck to deck. Spears and bows and arrows were the chief weapons used.

Soon after gunpowder came to be known in Europe, cannon were used on the battlefield. Not many years later, warships were armed with cannon. The custom was to place some of the cannon where they could be fired through portholes in the sides of the vessels.

In firing a broadside, dozens of cannon might be set off at once. Such a broadside seemed a terrible thing, but all the cannon together did not have so much force as one big gun aboard a modern dreadnought. They were fired, however, against boats with wooden sides.

### HOROSCOPE

Tuesday, May 16, 1939

Conflicting planetary aspects are active today, according to astrology. The early morning hours are promising to artists.

Women are well directed under this planetary government which stimulates the mental powers and increases feminine intuition.

Through coming weeks there will be much entertaining, formal and informal, as people in all walks of life feel the urge of pleasure-seeking. The seers advise enjoyment of the present as the future looms with threats of peril. The evening is fortunate for theatres and for entertainments.

Under this configuration persons who wield power may be more approachable than usual and for this reason it is an auspicious date for seeking favors.

Foreign agents provocateurs will be busy in many countries where efforts to undermine the democracy will be subtle and persistent.

Persons whose birthdate it is have the augury of a year of success, but delays and obstacles may be encountered. Domestic relations may be subject to unusual strain.

Children born on this day probably will be secretive and self-confident. These subjects of Taurus usually are intelligent, level-headed and successful.

### Dorothy Dix's Letter Box

DEAR MISS DIX—I married a man whose father died when he was a little boy, so that he had to assume the support of his mother and sister. He has slaved for them all of his life, as they have demanded every luxury possible, even when they knew he had to sacrifice necessities to get them. So great are their demands that we have never been able to save a cent toward the future or even to have children, because we could not undertake another mouth to feed. Now the sister is 20 years old, a bright, intelligent, healthy girl, but she refuses to go to work and her mother upholds her in her idleness. Don't you think that we should be relieved of this burden?

Answer: I certainly do. Your husband should tell his mother that he will provide for her in the future, either in his own home or by giving her a definite allowance, as he can best arrange the matter, but that he will no longer support his sister.

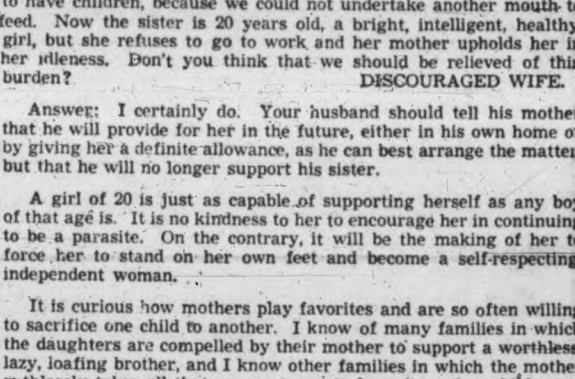

A girl of 20 is just as capable of supporting herself as any boy of that age is. It is no kindness to her to encourage her in continuing to be a parasite. On the contrary, it will be the making of her to force her to stand on her own feet and become a self-respecting, independent woman.

It is curious how mothers play favorites and are so often willing to sacrifice one child to another. I know of many families in which the daughters are compelled by their mother to support a worthless, lazy, loafing brother, and I know other families in which the mother ruthlessly takes all that on son earns to keep her other children in idleness and give them advantages that he never had.

It is all very fine and romantic to talk about a son or daughter sacrificing themselves upon the family altar. But nowhere else in the world do we so much need to use a little common sense as we do in making these blood offerings. For nine times out of ten there was no real need of a victim and the sacrifices never should have been called for.

This is true even in the case of parents. Most of the dependent fathers and mothers should be ashamed of foisting themselves on their children to be supported. They have given up work 10 or 15 or 20 years before they should have done so. It is laziness, not age, that is the matter with them. It is easier to settle down on John or Mary than it was to earn their own bread and butter. So poor John and Mary are made the family goats.

## Scattered Forest Fires Fought By Crews in B.C.

Island and Mainland Outbreaks Bring Warning to Campers Woods Very Dry

VANCOUVER (CP)—A 25-man crew fought flames burning through 100 acres of timberland on Dog Mountain on the north shore area across Vancouver's harbor today which forestry officials said was the worst of several small fires throughout the province.

Another blaze on Grouse Mountain was brought under control and three men were put on patrol there to prevent a further outbreak.

Forestry department officials here said there are several small fires on Vancouver Island, but

none are considered serious. They warned campers and hikers in all areas, however, to be careful with campfires.

Forests and woodlands are very dry from lack of rain creating a dangerous fire hazard.

## MAN TRYING TO SAVE PUP DROWNS

Paul Gore Loses Life in Creek in Kelowna District

KELOWNA, B.C. (CP)—An unsuccessful attempt to save the life of a small spaniel puppy Sunday claimed the life of Paul Gore, 25, the son of Mr. and Mrs. S. M. Gore was drowned in turbulent Mission Creek, 12 miles from here.

The body has not been recovered despite a search along the river by volunteers led by British Columbia police.

Gore was hiking up Mission Creek with Constance Ward of Kelowna when the spaniel accompanying them slipped off a pipeline and was carried rapidly away.

The young man ran downstream and waded into shallow water. When he still could not reach the dog he dived farther into the deep, fast-running stream.

A moment later he lifted an arm, shouted to Miss Ward to "get down to the bridge," then sank.

The girl ran for help, but when she and F. Mohart reached Gallagher's Bridge below where Gore had disappeared, they saw the young man's body floating face downward. It was washed away.

## Caddy Seen at West Vancouver

VANCOUVER (CP)—Cadborosaurus, Vancouver Island's roving sea serpent, who made recent appearances in nearby waters, has been reported seen at West Vancouver.

At least Jeanette Gannon, 14-year-old high school girl, and her mother believe the thing with three humps they saw last evening was the serpent.

"It was a strange-looking black serpent with three humps," Jeanette said. "We couldn't see its head because it seemed to be under water."

The mother and daughter watched the creature for about 10 minutes and then it dived and disappeared.

## No More Piles

Get Quick, Pleasant Relief

Probably not one person in ten knows the cause of piles is inside—bad circulation of blood in the lower bowel. That is the scientific truth about piles and is the real reason why salves and suppositories do not give more than temporary relief—they do not remove the cause.

Your piles can not be relieved until you have corrected the condition which causes them. That is why an internal medicine like HEM-ROID should be used.

HEM-ROID is the prescription of Dr. J. S. Leonard, who early in his professional life made many tests to relieve piles by correcting the cause. His medicine succeeds because it stimulates the circulation, eases the pressure of blood in the veins of the lower bowel and helps to heal and restore the sore, tender parts.

So if you have failed to get the relief you want from your sore, painful piles, and would like to give HEM-ROID a trial, you have our promise to return your money, if just one bottle of this prescription does not give pleasing results. MacFarlane and Vancouver Drug Stores or any druggist can supply you with the genuine HEM-ROID.

**FIVE MEN IN ONE—KING GEORGE VI IS MUCH-UNIFORMED MONARCH**—Man of many titles and uniforms is George VI, by the Grace of God, King of Great Britain, Ireland and the British Dominions beyond the Seas, Defender of the Faith, Emperor of India. Left to right, as admiral of the fleet, in formal attire, in morning clothes, as field marshal of the army, and as an officer of the Cameron Highlanders. The King probably will wear these and other uniforms on his visit.

## ROUMANIA DENIES BULGARIAN CHARGE

Says Score of Men Killed Were Guerillas, Not Innocent Villagers

BUCHAREST, Roumania (AP)—Armand Calinescu, minister of the interior, accompanied by the under-secretary of state, went to southern Dobruja today to investigate the killing last Wednesday of 22 Bulgarians in that former Bulgarian territory. The inquiry was launched

after the Bulgarian government had announced it would protest against what it called the "wilful slaughter" of the Bulgarians by Roumanian gendarmes.

The Roumanian government Wednesday reported the men slain in Dobruja were "Macedonian guerillas," who had fired on troops.

(The Bulgarian foreign office said in Sofia they were "innocent Bulgarian villagers." The Bulgarian official news agency charged the Bulgarians were executed as punishment for the flight of 60 men from the Rou-

manian border town of Belitza during the recent Roumanian mobilization.)

## Large Defence Advertisements

LONDON (AP)—London wondered today who it was that spent £30,000 (about \$140,400) in double-page newspaper advertisements urging the public to join war defence services.

The advertisements carried a

legend that cost of the pages was borne by a "nonparty, non-political group of ex-servicemen, animated by the spirit of the Unknown Warrior and anxious to encourage others to give practical support at a time of grave national emergency."

The agents who placed the advertisements admitted one man had paid most of the cost and that they had sent telegrams to Chancellor Hitler announcing the advertisements were appearing.

Two-thirds of the people killed in city traffic accidents are pedestrians.

## British Shanghai Warning to Japan

Dangers Seen If Nippon Troops Sent Into International Area

LONDON (CP)—Richard Butler, Foreign Under-Secretary, today gave an implied warning to Japan, not to send troops to the International Settlement in Shanghai.

Mr. Butler told the House of Commons that Britain had protested over the Japanese occupation of the Kulangsu foreign settlement on the island of Amoy. He said Japan should realize the "unfortunate results" of Anglo-Japanese relations that would spring from invasion of the Shanghai settlement.

The government is considering an investigation of reports that Japan is constructing a submarine base at Yulinkang, on the south coast of Hainan Island, southwest of Hongkong, Mr. Butler told the House.

His statement was made in reply to a question from Philip Noel Baker, Labor, as to whether the government had received reports of such action.

"Lord Halifax, Foreign Secretary, has seen a report to this effect, but so far he has not received any confirmation from official sources," Mr. Butler said.

"Will he consider instructing a British agent to inquire into this matter?" Mr. Noel Baker asked. "The question of taking steps to investigate the truth of this report is at present under consideration," Mr. Butler replied.

The Foreign Office announced today it had instructed Sir Robert Craigie, British ambassador to Japan, to protest against the landing of Japanese marines in the international settlement of Kulangsu at Amoy last Friday.

The protest was based on reports the government was said to have received that Japanese were interfering with the administration of the settlement by arrests and searches.

## BENEFITS OF 4-YEAR PLAN NOW YOURS

UNDERSTAND FIRST, that the new, greatly lowered Packard prices represent not a temporary price reduction, but a permanent new price policy.

Behind these reductions of from \$140 to \$425 on Packard cars, is a four-year story of accomplishment...

... a four-year plan of extensive plant rearrangement, of a multi-million-dollar investment for equipment and expansion, so that manufacturing costs could be reduced, and the savings passed on to you.

Because of the completion of its four-year plan, and because the Packard Company also enjoys an unusual and fortunate financial position—with no loans, no mortgaged overhead, no interest charges of any kind to increase the cost of the cars—Packard can now make this promise for the future:

**NO OTHER AUTOMOBILE SHALL OFFER YOU AS MUCH FOR YOUR MONEY AS A PACKARD!**

# PACKARD REDUCED TO \$1190

AND UP, delivered in Windsor, with standard equipment, including taxes.

Prices \$140 to \$425 lower  
Price reductions range from \$140 on some models up to \$425 on others. So no matter what model you fancy, you'll save at least \$140!  
4 out of 5  
4 times out of 5, the car traded in more than covers down payment. Hence your monthly payments are reduced still further from their already low level!

**THE FINEST PACKARDS EVER BUILT**—The cars whose prices are so greatly reduced are the same spirited, mechanically great 1939 Packards that have thrilled and delighted "the man who owns one." Never in 40 years of fine car building has Packard received such a torrent of enthusiastic letters from new owners.

IT IS SAFE TO SAY that \$1190 has never before bought so much automobile.

For these cars have not been cheapened. Nothing has been left off. Nothing has been taken out. Not a single detail has been changed.

And this is also true of the Packard 120 and Super-8, whose prices have likewise been reduced—from \$140 to \$425.

Go to your nearest Packard dealer today. See the really breath-taking values he has to offer you. Drive a Packard through the heaviest traffic, over the worst roads, put it to every kind of test you can think of.

See if you don't decide, before this day ends, to get the value, the excellence, the prestige that Packard, and only Packard, can give you.

ASK THE MAN WHO OWNS ONE

*A lot more car for your money!*
